Meridian Company Overview

Meridian is committed to fulfilling our service pledge to you. We offer customized solutions, provided by caring local teams empowered to respond to customer needs. Experts at integrating complex business technologies, Meridian is a solutions-centric professional services firm headquartered in the Washington DC metro area.

Established in 1985, we have maintained a healthy growth rate, without debt, for our more than 30 years of superior past performance in office hardware, software and services. As your trusted office technology advisor, we take an innovative and proactive approach to managing the entire document lifecycle.

Through our assessment process, we take an in-depth look at the fully burdened costs of your business and technology infrastructure – from hardware and software, to maintenance and supplies, to business processes. Then, we identify ways to reduce costs while significantly improving efficiencies in the workplace. By providing you with resources and advanced technology, we create a productive business environment that keeps your company focused on its core business and producing at its maximum potential.

We offer best-of-breed products and solutions from many vendors and therefore, unlimited variety. Many of our clients have consolidated multiple vendors to source all office technology needs to Meridian because of the range of services and solutions we can provide. We have the power that comes with being backed by a top global technology company, yet – as a locally managed business – we are still nimble enough to provide customized service and respond quickly to even the smallest client needs.

BEST OF BOTH WORLDS

Working with Meridian offers the peace of mind of working with a $10 billion global corporation, with the personalized customer experience you would typically only expect when partnering with a local small business.

Meridian is managed and operated locally, so high-level decisions can be made quickly, without dealing with corporate "red tape," in the interest of your customer satisfaction. As a wholly owned subsidiary of Konica Minolta, one of the largest and most innovative office technology manufacturers in the world, we offer the resources, capabilities, peace of mind and guaranteed stability of a $10 billion global corporation. Yet, our service philosophy and business model – with local management, a single-minded focus on customer service and roots as a previously employee-owned company – underscore our unbiased recommendations tailored to your needs and our commitment to providing an excellent customer experience.

STRATEGY

Meridian's business strategy is built on two critical facts:

- First, companies are as individual as people are, and you need fully customized, document management and network solutions delivered in a cost-effective way.

- Second, information is the universal currency of enterprise today, and must be managed as carefully as cash flow.

Above all, Meridian stands apart, not because of price or technology, which are the costs of doing business in this marketplace, but rather because of the caring individuals who serve the customers and take pride and ownership in Meridian. We offer the best solutions from several top manufacturers, giving you unrestricted access to new and emerging technologies from Konica Minolta, RISO, HP, Nuance, and more.

SERVICE & SUPPORT

The *Meridian Means Service* motto reflects our company's mission to help clients get the most out of technology by combining great customer service with cutting-edge technology, bolstered by Meridian's national reputation for service excellence, local management in the DC metro area, and backing by Konica Minolta—a global leader in business technology innovation.

We at Meridian are extremely proud of our service performance. Our business encompasses more than delivery of excellent products. We understand the importance of prompt and quality service. In fact, it is our commitment to quality service that sets us apart from any other office solutions provider in the area.

Our references will attest that Meridian delivers 100% of our contract commitments. We exceed those service commitments in many cases. This is made possible by our disciplined personnel; our intricate tracking systems, seamlessly integrated with our complimentary, mobile-optimized Customer Internet Access portal; and our completely built-in set of redundancies to assure quality control.

When your machine is in need of repair, you can contact our local dispatch center by phone, fax, e-mail, website, or through Customer Internet Access. When your call is placed into our state-of-the-art dispatch system, your serial number automatically triggers the response time goal. As this clock counts down, our dispatchers continually monitor call loads between technicians to "closed" in our computerized system, you will be able to see first-hand that we did meet or exceed your contracted response time. If service calls are placed online (24 hours/day, 7 days / week) through Customer Internet Access, the response time clock starts ticking at precisely 8 am the next business morning.

CONFIDENTIAL INFORMATION

Government Confidential Information. While performing MDMS services, except as may be required by law, Meridian personnel will not disclose the Government's confidential information which may become known to Meridian while performing Services (Government Confidential Information). Meridian personnel will be instructed that they shall not remove any of the Government's documents or other materials and that they shall not disclose any Government Confidential Information to any persons other than the Government's personnel, unless the Government authorizes Meridian in writing.

Meridian obligations hereunder do not apply to any Government Confidential Information which (i) is in the public domain prior to, at the time of, or subsequent to the date of disclosure to Meridian through no fault of Meridian, (ii) was rightfully in our possession free of any obligation of confidentiality, (iii) was communicated by the Government to a third party free of any obligation of confidence, or (iv) was developed by Meridian employees or agents independently of and without reference to any of Government Confidential Information.

MERIDIAN CONFIDENTIAL INFORMATION:

While performing under MDMS, Meridian will disclose to the Government certain confidential business information (Meridian Confidential Information) including but not limited to the Procedures Manual. The parties agree that the Procedures Manual shall be considered Meridian Confidential Information. In addition, any documents marked confidential, proprietary or a similar designation shall be considered Meridian Confidential Information.

The Government will not disclose such information to any third party, except as may be required by law, unless such Meridian Confidential Information (i) is in the public domain prior to, at the time of, or subsequent to the date of disclosure to the Government through no fault of the Government, (ii) was rightfully in the Government's possession free of any obligation of confidentiality, (iii) was communicated by Meridian to a third party free of any obligation of confidence, or (iv) was developed by the Government's employees or agents independently of and without reference to any of Meridian Confidential Information.

The obligations of Confidential Information set forth above shall terminate one year after expiration or termination of MDMS.

Information for Ordering Activities:

1a. **Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).**

541611MPS: Managed Print Services
811212SA: Maintenance Service Agreement for Copiers
532420LTOP: Lease to Ownership Plans (LTOP) Copiers
532420LC: Operating Lease Plan for Copiers
333316C: Copiers
333316CPC: CPC Plan
333316F: Flat-Rate Monthly Fee Copying Plan For Copiers

1b. **Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract.**
Please see attached awarded pricelist.

1c. **If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided.**
Please see attached labor category descriptions.

2. **Maximum order.**
$1,000,000 for SIN 541611MPS
$350,000 for SINs 811212SA, 532420LTOP, 532420LC, 333316F and 333316C

3. **Minimum order.**
None

4. **Geographic coverage (delivery area).**
Limited Locality: *Meridian reserves the right to accept or refuse any purchase order, requiring delivery, installations, and training of service or service in areas beyond a sixty (60) mile radius of the Meridian main facility or that of any of its authorized distribution locations within limited localities.*

5. **Point(s) of production (city, county, and State or foreign country).**
Meridian Imaging Solutions
1595 Spring Hill Road
Suite 450
Vienna, VA 22182
USA

6. **Discount from list prices or statement of net price.**

26. **Notification regarding registration in System for Award Management (SAM) database.**
Registration active, CAGE Code 1KQ05

541611MPS Managed Print Services

Meridian utilizes Meridian COMPLETE (with Audit Pack) software for needs assessment and analysis services, as well as managed print services. Meridian COMPLETE is a non-invasive print output measuring technology, a floor plan, a complete business walkthrough, and a pre-scheduled interview. Meridian COMPLETE is a secure application that collects printer and copier metrics and does not require a dedicated system.

Meridian COMPLETE runs as a Windows service, allowing it to operate 24 hours a day, 7 days a week. The transmission intervals can be customized to define how often the software will perform a device discovery. After each discovery, the collected data is sent to the hosting web server via SSL in a 128-bit encrypted text file.

This software will provide an individually tailored view of the customer's environment. Based on the customer's objectives, we create a complete "Quick View" which immediately zooms in on the GSA customer's current total print environment usage and costs. This is then utilized to intelligently offer recommendations to realign your print environment technology processes, often improving productivity and decreasing expenditures almost immediately.

Meridian customizes service and supplies alerts for all managed print devices. Triggers can be set to automatically alert both the customer and the Meridian dispatch/helpdesk team when devices reach a remaining threshold of 30%-5% remaining in the toner cartridge. This technology allows us to provide intelligent automated supplies fulfillment.

Additionally, alerts are created to notify the customer and Meridian when preventative maintenance cycles are approaching, or if the device is signaling a need for a technician or user intervention (paper jams, paper

replacement, critical service codes and errors). The default for alerts in FM Audit is every 4 hours, or when the alert is triggered. These intervals can be customized based on the customer's preference or device criticality.

Following a complete analysis and assessment of the GSA customer agency requirements, Meridian will propose an MPS solutions that will help the GSA customer to reach their objectives. The first stage of the MPS process is gaining control of the fleet. This includes; establishing policies for device deployment and optimal usage levels and craft a communication program to the end user community to achieve buy-in.

The next stage in the Managed Print services implementation is optimization and ongoing management. Re-allocating equipment, assigning devices to the proper locations and downsizing equipment is all part of this stage. Meridian will continue to monitor usage and requirements and then re-balance the fleet when necessary. Quarterly or at least bi-annual meetings are recommended in order to keep your organization optimized.

The final stage to complete the process is to enhance the fleet and business process optimization. Implement smart routing to send print jobs to appropriate devices and introducing document templates, stored content and variable data printing are very important for the final stage of the Managed Print Services process.

Meridian offers customers two options for Managed Print Services, both of which include our device discovery and monitoring tool, Meridian COMPLETE. This dashboard software application supports unlimited numbers of devices and locations. Meridian will recommend a Cost-Per-Copy (CPC) MPS solution or the use of Meridian's MPS hourly labor categories. Both solutions are outlined below.

Labor categories include Meridian's dashboard software, Meridian COMPLETE (with Audit Pack).

SIN	Service	Awarded GSA Hourly Rate
541611MPS	MPS Site Manager	$51.67
541611MPS	MPS Site Supervisor	$35.85
541611MPS	MPS Customer Service Operator	$30.80

The tables below outline Meridian's MPS Cost-Per-Copy method. This includes one license of Meridian's dashboard software, Meridian COMPLETE (with Audit Pack).

Black and White Printers

SIN	Black & White Segment	Awarded GSA Hourly Rate
5411611MPS	20-30 ppm	$ 0.017
541611MPS	31-40 ppm	$ 0.017
541611MPS	41-50 ppm	$ 0.017
541611MPS	51-60 ppm	$ 0.0153
541611MPS	61-90 ppm	$ 0.00807
541611MPS	91-135 ppm	$ 0.00637

Color Printers

SIN	Black & White Segment	Black & White GSA Cost-per-Copy	Color Segment	Color GSA Cost-per-Copy
541611MPS	20-30 ppm	$ 0.017	20-30 ppm	$ 0.1105
541611MPS	31-40 ppm	$ 0.017	31-40 ppm	$ 0.1105
541611MPS	41-50 ppm	$ 0.017	41-50 ppm	$ 0.085
541611MPS	51-60 ppm	$ 0.0153	51-60 ppm	$ 0.085
541611MPS	61-90 ppm	$ 0.00807	61-90 ppm	$ 0.068
541611MPS	91-135 ppm	$ 0.00637	91-135 ppm	$ 0.068

Note: This pricing is inclusive of all makes and models as well as toner (OEM or Compatible), parts, labor and maintenance kits.

Must be connected to network for auto meter reads.

Invoicing: Monthly charges and meter charges are generally billed on a base monthly rate (w/ included copy allowance) and any overages in arrears. Meridian charges a "single click" charge for 8 ½ x 11 and charges "double click" charges for 11x 17.

Generally, meters are collected automatically via our data collection agent or via email from customers. If meter reads are not given to Meridian in a timely manner, Meridian shall be permitted

to estimate or prorate charges based on an average monthly volume over the previous three months of usage.

MAINTENANCE RATE PROVISIONS

a.   The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

b.   **REGULAR HOURS**
The basic monthly rate for each make and model of equipment shall entitle the ordering activity to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the ordering activity location.

c.   **AFTER HOURS**
Meridian does not offer after-hours service on the GSA Schedule at this time.

Relocation of Multifunctional Devices:

1.   If the equipment is moved to geographical area not serviced by this contract, the equipment plan will be subject to cancellation and termination charges as described above. Meridian can offer service throughout CONUS.

2.   The Government shall give at least thirty (30) days written notice of the movement of equipment, unless such move is required because of an emergency.

3.   Shipment to the new installation site shall be at Government expense by padded van or airfreight. The Government may ship the equipment by Government transportation or by commercial carrier.

4.   When the shipment is under the control of the contractor and damage is incurred which results in costs for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by the contractor.

5.   When the shipment is under the control of the Government and damage is incurred which results in costs for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by the Government.

Managed Print Services Labor Category Descriptions

Site Manager

Responsible for managing document production services operations including personnel management, equipment, coordination of service vendors and ensuring continuity of all operational systems. Train, guide and manage all Customer Service Operators and Supervisors, as well as train Leads to ensure effective account operation. Communicate consistently with customer to ensure that all services are performed with high degree of satisfaction. Coordinate account production activities to meet all required Service Level Agreements. Assist with the development of and manage to SOP's. Manage staffing plans (including back-up during absences; temp usage). Identify opportunities within existing accounts for revenue and profit growth. Differences in position descriptions are based on level of experience, but are also impacted by site size, complexity, number of personnel, number of sites, etc.

Years of Experience: Must have 4 years of applicable experience, unless MPS certification program is completed
Educational Requirements: High School Diploma or equivalent

Site Supervisor

Responsible for supervising document production services operations including personnel direction, equipment operation, and coordination of service vendors and ensuring operational systems. Train, guide and supervise all Customer Service Operators and train Leads to ensure effective account operation.

Communicate consistently with customer to ensure that all services are performed with high degree of satisfaction. Coordinate account production activities to meet all required Service Level Agreements.

Assist with the development of and manage to SOP's. Manage staffing plans (including back-up during absences; temp usage). Identify opportunities within existing accounts for revenue and profit growth.

Differences in position descriptions are based on level of experience, but are also impacted by site size, complexity, number of personnel, number of sites, etc.

Years of Experience: Must have 2 years of applicable experience, unless MPS certification program is completed
Educational Requirements: High School Diploma or equivalent

Customer Service Operator

Proficiently performs the operation of equipment including copy machines, bindery equipment, x-ray machines, and postage and mail machines. Performs mail center functions including the pick-up, sorting and distribution of all mail. Performs the pickup and deliveries of customer orders and/or finished product. Provides first-level customer service to client. Monitor the departmental work-flow and assign tasks to employees to efficiently complete work assignment. All associated administrative duties and related tasks. Operate high-speed duplicators, bindery equipment, postage/mail/express mail machines, and x-ray machine when required. Complete and clearly document using computer software (incl: Windows, Word, Excel, etc.) pertinent information on forms including, but not limited to: copy request form; daily log; postage meter log, incoming and outgoing mail log, weekly log; service log; and all related logs and forms. Assist in the monthly customer billing and data collection using computer software (incl: Windows, Word, Excel, etc.), as required. Diagnose and troubleshoot machine problems; monitor machine and copies; setup and run jobs; and monitor work. Provide first-level customer service to client, determining how to effectively meet customer needs Monitor the departmental work-flow and assign tasks to employees to efficiently complete work assignment. Monitor work assigned to trainee/temporary personnel, as

required. Marry and assemble manuals that include tabs, inserts, and fold-outs; read, comprehend, and follow pagination sheets; determine and check paper curl and how to fan and load paper into the machine; and perform daily high-volume copier machine maintenance. Monitor service technicians, machine supply yields, inventory levels and service logs Maintain, service, and stock satellite copiers, if required; provide basic satellite copier training, if required.

Years of Experience: Must have 1 year of applicable experience, unless MPS certification program is completed
Educational Requirements: High School Diploma or equivalent

811212SA Maintenance

Invoicing
Monthly charges and meter charges are generally billed on a base monthly rate and overages in arrears. Generally, meters are collected automatically via our data collection agent or via email from customers. If meter reads are not given to Meridian in a timely manner Meridian shall be permitted to estimate or prorate charges based on an average monthly volume over the previous three months of usage.

Maintenance
Meridian shall maintain equipment in good working order in accordance with its service policies. Generally, all labor parts, supplies, and travel are included in a full maintenance agreement, excluding paper and staples. Meridian shall provide support during normal business hours (8am – 5pm, Monday through Friday) except for holidays observed by the Government. Please note that exceptions to business hours can be made based on agency requirements. Maintenance and repair services may include the replacement of the Selenium Drum Photoconductor and any other parts which Meridian determines to be unserviceable. Replaced parts become the property of Meridian.

Period of a Full Maintenance Contract
Periods of performance are generally 3-5 years, often in conjunction with equipment lease terms but can be modified to the agency's needs.

Single Click vs. Double Click
Meridian Imaging Solutions charges a "single click" charge for 8 ½ x 11 and charges "double click" charges for 11x17.

* Please contact Meridian for pricing information for Konica Minolta maintenance.

Terms and Conditions Applicable to SINs 532420LTOP, 532420LC

LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT

SINs:

532420LTOP	-	Lease-to-Ownership Plan (LTOP) - Copiers
532420LC	-	Operating Lease Plan - Copiers Only

1.   STATEMENT OF GOVERNMENT INTENT

For the purpose of this solicitation, Lease Term is defined as the duration of the lease in months (not to exceed 60 months) as shown on the Ordering Agency's initial delivery order. It is understood by all parties to this contract that this is a leasing arrangement. In that regard, the Government anticipates fulfilling the leasing agreement subject to the availability of appropriated funds and the continued needs of the Ordering Agency.

The Ordering Agency, upon issuance of any delivery order pursuant to Special Item Numbers (SIN's) 532420LTOP, 532420LC intends to use the equipment for the lease term specified in the initial delivery order so long as the needs of the Ordering Agency for the equipment or functionally similar equipment continues to exist and adequate funds are appropriated. Each lease hereunder shall be initiated by a delivery order which shall, either through a statement of work or other attachment specify the equipment being leased, and the terms of the transaction as required in other sections of SIN's 532420LTOP, 532420LC. The lease commencement is the date of acceptance as defined by FAR Subpart 12.4. The first period or initial term of the leasing agreement will be through September 30th of the fiscal year in which the order is placed, or as extended by act of Congress, unless the ordering office has multi-year funding.

Ordering Agencies are advised to follow the guidance provided in Federal Acquisition Regulation (FAR) Subpart 7.4 Equipment Lease or Purchase, and to review the lease terms and conditions prior to ordering and obligating funding for a lease. Ordering Agencies are responsible for the obligation of the funding consistent with fiscal law when entering into any lease arrangement.

2.   ORDERING PROCEDURES

(1)   Ordering Agencies are strongly encouraged to conduct a needs assessment prior to the procurement of copiers.

(2)   When the Ordering Agency expresses an interest in leasing a product(s), the Ordering Agency will provide the following information to the prospective vendors:

(i)   Which product(s) is (are) required.

(ii)   The required delivery date.

        (iii)   The proposed term of the lease.

        (iv)   Where the equipment will be located.

        (v)   Description of the intended use of the equipment.

(3)   The contractor will respond with:

        (i)   Whether the contractor can provide the required equipment.

        (ii)   The monthly payment based on the rate and the initial and residual values of the equipment.

        (iii)   The estimated cost, if any, of applicable State or local taxes.

        (iv)   A confirmation of the availability of the equipment on the required delivery date.

        (v)   Extent of warranty coverage, if any, of the leased products.

        (vi)   Cite the cost of any mandatory maintenance as applicable.

        (vii)   The Termination Ceiling Charges, as applicable. (See Section 13, Early Termination Charges).

(4)   The ordering agency and contractor shall agree upon a termination ceiling charge that is established in accordance with the appropriate formula in Section 13. Early Termination Charges (See FAR Subpart 17.1)

(5)   The Contracting Officer shall insert the agreed upon termination ceiling charge for the first year in the order and modify it for successive years upon availability of funds.

3. ORDERS AND PERIOD OF LEASE ARRANGEMENTS

      a.   Lease Options: At a minimum, Ordering Agencies placing orders for equipment under a leasing arrangement must specify on the delivery order the applicable leasing SIN under which the equipment is being leased.

           532420LTOP   Lease to Ownership Plan (LTOP) (Lease/Purchase)(Copier)

           532420LC   Lease with Option to Own (Operating Lease) (Copier)

      b.   Annual Year Funding. When using annually appropriated funds when placing an order for leasing, the following applies:

(1) Any lease executed by the Ordering Agency shall be on the basis that the known requirements exceed the remainder of the fiscal year. Due to funding constraints, however, the Ordering Agency cannot normally commit to a term longer than one fiscal year at the commencement of the lease. To facilitate the exercise of renewal options for future fiscal years, the lease term will be specified in the delivery order. All orders for leasing shall remain in effect through the Government fiscal year (or as extended by Act of Congress), or the planned expiration date of the lease, whichever is earlier, unless the Ordering Agency exercises its rights hereunder to acquire title to the equipment prior to the planned expiration date. Despite the fact that the delivery order will specify the total lease term, orders under the lease shall not be deemed to obligate succeeding fiscal year's funds or to otherwise commit the Ordering Agency to a renewal.

(2) All orders for leasing automatically terminate at the end of the Government fiscal year (or as extended by Act of Congress) or the contract term, whichever is earlier. However, Ordering Agencies should notify the contractor in writing thirty (30) calendar days prior to the expiration of such orders as to the Government's intent to renew. Ordering Agencies are instructed to follow the guidelines set forth in Paragraph 14 of this section with regard to termination of lease terms for non-appropriation or agency decisions not to renew. Should Ordering Agencies decide to terminate the lease prior to the expiration of the lease term under any other condition other than those set forth in Paragraph 14, early termination charges shall apply, (See Section 13, Early Termination).

c. Multi-Year Funding Within Contract Period: Where an Ordering Agency's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the Ordering Agency may place a schedule contract order for leasing for a period up to the expiration of its period of appropriation availability, or the expiration of the contract period whichever comes first, notwithstanding the intervening Fiscal years.

d. In recognition of the types of products on this Schedule and the potential adverse impact to the Government's mission, the Government's quiet and peaceful possession and unrestricted use of the equipment shall not be disturbed in the event the equipment is sold by the Contractor, or in the event of bankruptcy of the contractor, corporate dissolution of the Contractor, or other event, so long as the Government is not in default. The equipment shall remain in the possession of the Government until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased equipment by the contractor will not relieve the Contractor of its obligations to the Government, and will not change the Government's duties or increase the burdens or risks imposed on the Government.

e. Assignment of Claims: In accordance with GSAR 552.232-23 Assignment of Claims under this contract, the Ordering Agency Contracting Officer may approve the assignment of claim for an order under these leasing Special Item Numbers (SINs) in accordance with FAR 32.803. Contractors cannot prohibit or otherwise limit the Government's ability to setoff lease payments under any lease or assignment of a lease.

f.   Government Rights under Lease: The Government does NOT waive any performance requirements, warranty rights nor other contract or statutory rights, such as the right to set off payments against other Government debt, as a part of the lease. The Government's acceptance of an assignment of a lease, does not waive any of the Government contract provisions.

4. MAINTENANCE AND INSTALLATION

a.   Maintenance and installation, when applicable, are not included in the lease payments. The Ordering Agency will obtain installation and/or maintenance from the contractor or a designated authorized service provider.

b.   When installation and/or maintenance are to be performed by the Contractor, the payments, terms, and conditions will be as stated in this contract. Maintenance payments and terms and conditions during subsequent renewal periods of this lease will be those of the prevailing GSA Schedule contract in effect.

5. MONTHLY PAYMENTS

a.   Prior to the placement of an order under this SIN, the Ordering Agency and the contractor must agree on a "base value" for the products to be leased. The base value will be the contract purchase price (less any discounts). For operating leases the residual value is independent of the purchase option price. The residual value will be used in the calculation of the original lease payment.

b.   To determine the initial lease term payment, the contractor agrees to apply the negotiated lease factor to the agreed upon base value:
    Examples: Lease factor one (1) percent over the rate for the three-year (or other term) Treasury Bill (T-bill) at the most current U. S. Treasury auction.
    or
    The Contractor's most favored finance rate factor as agreed to during contract negotiations.

The lease payment may be calculated by using a programmed business calculator or by using "rate" functions provided in commercial computer spreadsheets.

MERIDIAN LEASING RATES TO GSA (leasing program which is direct mirror of our business partners)**:**

KONICA MINOLTA:

Applicable SIN	Manufacturer Name	Product Name and Description	Current Lease Rate	Treasury Rate at time of Lease Rate award
532420LC, 333316CPC, 333316F, 541611MPS	Konica Minolta	FMV 24 Mo Lease Rate	0.04572	0.33%
	Konica Minolta	FMV 36 Mo Lease Rate	0.03182	0.66%
	Konica Minolta	FMV 48 Mo Lease Rate	0.02516	1.04%
	Konica Minolta	FMV 60 Mo Lease Rate	0.02150	1.42%
532420LTOP, 541611MPS	Konica Minolta	LTOP 24 Mo Lease Rate	0.04745	0.33%
	Konica Minolta	LTOP 36 Mo Lease Rate	0.03330	0.66%
	Konica Minolta	LTOP 48 Mo Lease Rate	0.02600	1.04%
	Konica Minolta	LTOP 60 Mo Lease Rate	0.02250	1.42%

Lease Factors: Monthly LTOP & LWOO Rate Factors

c.   The purchase option price will be based upon the unamortized principle of the product. The payment will be based upon the unamortized principle, as shown on the payment schedule as of the last payment prior to date of transfer of ownership. In the event the Government desires, at any time, to acquire title to equipment leased hereunder, the Government may make a one-time lump sum payment.

6. EXPIRATION OF LEASE TERM

a.   Upon the expiration of the Lease Term, the Ordering Agency will:

(i)   Upon 30 day written notice, return the Equipment to the Contractor or -

(ii)   Purchase the equipment at the fair market value of the equipment or;

(iii)   Obtain requirements in accordance with FAR 8.4 (Ordering Procedures) by issuing a new request for quote.

Note: Customers are advised to see paragraph 15-18 for additional lease expiration provisions.

7. ADDITIONS

For the purpose of this solicitation the definition of an addition is defined as follows:

> Additions: The addition of accessories features or other enhancements available for lease under this contract to an existing model (base unit) already installed. Additions shall not change the functionality of the installed equipment.

a. The ordering agency may require the contractor to modify existing leased equipment through order modifications, provided the modifications are customarily offered by the contractor for the equipment leased. The price of the modification will be mutually agreed upon by the ordering agency and the contractor. The ordering agency may pay for the modification at full price upon acceptance, or the modification price may be leased coterminous with the initial lease term. The contract lease interest rate in effect at the time of order of the modification will be used to calculate the monthly payment applicable to the modification. For Operating leases a residual value should be negotiated for the modification.

For example:

Lease to ownership
Price of the modification - $1,000
Months remaining on the equipment lease - 19
Current contract lease factor at the time of the modification - .045 for 24 month lease, the term closest to remainder of lease.
Interest equivalent (i) for lease factor is 0.625% per month [rate(N,-pmt,Price)/rate(24,-0.045,1)]
Modification Payment $55.98 [PMT(i,N,P)/PMT(.625%,19,1000)]

b. The Ordering Agency may affix or install any accessory, addition, equipment or device on the equipment ("additions") provided that such additions:

   (1)   can be removed without causing material damage to the equipment;

   (2)   do not reduce the value of the equipment; and

   (3)   are obtained from or approved by the contractor, and are not subject to the interest of any third party other than the contractor.

c. Any other additions may not be installed without the contractor's prior written consent. At the end of the lease term, the Government shall remove any additions which:

   (1)   were not leased from the contractor, and

   (2)   are readily removable without causing material damage or impairment of the intended function, use, or value of the equipment, and restore the equipment to its original configuration.

d.   Any additions, which are not removable, will become the contractor's property (lien free).

e.   Payment may be modified based on the schedule price adjusted to reflect the actual period until the end of the lease term.

Should the Ordering Agency elect to replace equipment under the lease, a new FAR 8.4 competition is required. This does not preclude substitution for failure to perform. Ordering Agencies are advised that when making the decision to conduct a new competition, consideration must be given to the early termination of existing equipment and/or the financial considerations involved with the rollover of existing equipment should the current contractor prevail. Ordering Agencies are strongly advised to perform a cost benefit analysis in accordance with their agency procedures and policies with regard to rollovers.

8. RISK OF LOSS OR DAMAGE

The Government is relieved from all risk of loss or damage to the equipment during periods of transportation, installation, and during the entire time the equipment is in possession of the Government, except when loss or damage is due to the fault or negligence of the Government. The Government shall assume risk of loss or damage to the equipment during relocation unless the Contractor shall undertake such relocation.

9. WARRANTY

For a period of 90 days after the delivery of Equipment, Meridian Imaging Solutions shall, without additional charges, replace parts that Meridian determines to be defective in manufacture. Routine maintenance is not considered a defect in manufacture and is not covered under the 90 day Warranty. In addition, Meridian shall be under no obligation to provide such warranty services if: (a) Equipment is installed, wired, altered, modified, moved, or serviced by anyone other than Meridian authorized personnel and any such acts that in Meridian's judgment defectively or improperly performed; (b) a defective or improper accessory or supply is used with Equipment; (c) Equipment is relocated to any place where Meridian services are not available; or (d) Equipment purchased was originally installed under a rental contract. (ii) Fair wear and tear of the following parts are specifically excluded from this additional warranty: Cleaning Blade, Cleaning Brush Roller, Cleaning Pad, Corona Wire, Exposure Lamp, Filter, Hot Roller, Hot Roller Stripper, Lubricant, Lubricant Brush, Oil Supply Pad, Photoreceptor Master, Pick Off Pawl, Pressure Plate Sheet, Pressure Roller, Seal, and Selenium Drum Photoconductor. This warranty is expressly limited to the provision of replacement parts and the refund of freight cost for parts that were returned to Meridian and determined by Meridian to be defective. This warranty does not apply to Equipment that is subject to a Full Maintenance Contract.

10. EQUIPMENT PERFORMANCE

a.   The equipment supplied must be in operational or repairable condition throughout the term of the lease.

(1)   Operational condition means the equipment is producing clear and clean copies, all mechanical accessories are operating as intended and in all respects the equipment is performing up to the standards in the manufacturer's specifications.

(2)   Repairable condition means that the equipment can be repaired by a qualified technician within the terms of the maintenance agreement. Additionally, all required replacement parts are available and the equipment down time does not exceed that specified in the maintenance agreement.

b.   After a thirty (30) day notice and cure period, if the equipment continues to fail to be operational or repairable as defined above, the Ordering Agency may take those remedies available to it under either the contractor warranty provisions or default clause set forth in FAR 52.212-4(m). Such recourse will not be the basis for increasing the monthly payment or extending the term of the lease.

c.   **Maintenance and Support:**

Preventive Maintenance: The contractor shall provide preventive maintenance at least equal to the commercial practice. Intervals between scheduled maintenance services shall be no greater than those provided to commercial customers for the same model of copier.

Response to Service Calls: At minimum, during normal working hours (as specified by the using activity), Monday through Friday (excluding holidays observed by the Government), the contractor shall respond to verbal or written requests for service calls. The contractor shall repair the copier within either nine (9) working hours or sixteen (16) working hours (as specified by the User Activity) after the verbal or written request for the service call. However, for copiers identified as critical, the contractor shall respond to verbal requests for service calls and shall repair the copier within four (4) working hours. Copiers designated critical will be identified by the ordering activity in the order and shall not exceed 5% of the total number of copiers on the order. The contractor's response time on a service call starts, when authorized personnel of an ordering activity place a verbal request to the contractor for a service call or a written request is received by the contractor requesting a service call, whichever is earlier.
Contractors are required to submit a contingency plan to maintain full and proper operation of copiers and to avoid extended delays for repair or replacement of copiers.

Repair and Maintenance Service: Offerors shall submit and include in their pricelist's, a list of Names, addresses, and phone number(s) of authorized representatives, responsible to the contractor, who may be contacted by ordering activities for repair and maintenance of equipment. Only those authorized representatives listed may render maintenance service, unless the list is subsequently modified by mutual agreement between the contractor and the Contracting Officer, to add or terminate authorized representatives.

11. TITLE

During the Lease Term, the equipment shall always remain the property of the contractor. The Government shall have no right or interest in the equipment except as provided in this leasing agreement and shall hold the equipment subject and subordinate to the rights of the contractor.

12. STATE AND LOCAL TAXES (52-229-1)

Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The contractor shall state separately on its invoices taxes excluded from the contract price, and the Government agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption. See FAR clauses 52.229-1 State and Local Taxes; 52.229-3 Federal, State, and Local Taxes, which are incorporated by reference.

13. EARLY TERMINATION CHARGES

Equipment leased under this agreement may be terminated at any time during a Government fiscal year by the Ordering Agency's Contracting Office responsible for the delivery order in accordance with FAR 52.212-4, paragraph (l) *Termination for the Government's Convenience.*

The Termination Ceiling Charge is a limit on the amount that a contractor may claim from the Ordering Agency on the termination for convenience of a lease or failure to renew a lease prior to the end of the lease term for reasons other than those set forth in section 14, Termination for Non-Appropriation. Termination ceiling charges will apply for each year of the lease term (See FAR 17.1). The Ordering Agency and contractor shall establish a Termination Ceiling amount. The Contracting Officer shall insert the Termination Ceiling Charge for amount of the first year in the order and modify it for successive years upon availability of funds.

No claim will be accepted for future costs: supplies, maintenance, usage charges or interest expense beyond the date of cancellation. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the Ordering Agency received for the work performed at cancellation based upon the shorter lease term. No termination cost will be associated with the expiration of the lease term.

Formula 1: FOR Lease To Own (LTOP) SIN 532420LTOP
Termination Fee = pmt(i,n,P) *n - sum of PMT - FMV
"P" = Schedule Price of equipment at time of order, inclusive of Ordering Agency negotiated price reductions should be considered.
"PMT" = Actual Monthly Payment paid on order to termination
"i" = Monthly Interest Rate applicable to the order
"n" = number of months from order to termination
"pmt" = Monthly payment corrected to actual lease term"

"FMV" = Fair Market Value of equipment if returned at termination. Unit price adjustments, residual or FMV values used to calculate operating leases, should not be considered

Formula 2: For Operating leases SIN 532420LC
Termination Fee = PV (i, n,-PMT)
"PV"= Present Value
"i" = Interest rate per month, equal to the interest rate applicable to the calculation of the payment on the delivery order
"n"= Number of months remaining from termination date to the end of the lease term
"PMT" = Current monthly payment amount of the original payments through end of the lease

14. TERMINATION FOR NON-APPROPRIATION
The Ordering Agency reasonably believes that the bona fide need will exist for the entire lease term and corresponding funds in an amount sufficient to make all payment for the lease term will be available to the Ordering Agency. Therefore, it is unlikely that leases entered into under the SINs 532420LTOP/Lease to Own (Copiers) and 532420LC/Operating Lease (Copier)all other equipment will be terminated prior to the full lease term. Nevertheless, the Ordering Agency's Contracting Officer may terminate or not renew leases at the end of any initial base period or renewal period under this paragraph if (a) it no longer has a bona fide need the equipment or functionally similar equipment; or (b) there is a continuing need, but adequate funds have not been appropriated to the ordering agency in an amount sufficient to continue to make the lease payments. If this occurs, the Ordering Agency will promptly notify the contractor and the equipment lease will be cancelled at the end of the last fiscal year for which funds were appropriated. The determination of the availability of funds is made solely by the Government.

15. LEASE EXTENSIONS
Extension of the present lease term is not permitted. Future copier requirements shall be procured in accordance with FAR 8.4, FSS Ordering Procedures.

16. LEASE EXPIRATIONS - SIN 532420LTOP/ LEASE TO OWN
Title to equipment installed under SIN 532420LTOP automatically transfers to the Government upon conclusion of the Lease Term Agreement.

17. LEASE EXPIRATIONS - SIN 532420LTOP/ OPERATING LEASE AND 532420LC/ ALL OTHER EQUIPMENT
Extension of the present lease term is not permitted. Future copier requirements shall be procured in accordance with FAR 8.4 covering Ordering Procedures.

Unless notified by the Ordering Agency that the Government intends to exercise its option to purchase the equipment, the equipment, upon the expiration of the lease term, will be removed by the contractor at the earliest

practicable time. The Ordering Agency is responsible for removal charges. Unless specified under the schedule contract, removal charges will be administered outside the scope of the contract.

The equipment shall be in the same condition as when delivered, with the exception of ordinary wear and tear. The contractor shall conduct a timely inspection of the returned products and within thirty (30) days of the return, assert a claim if the condition of the equipment exceeds normal wear and tear.

In the event the Ordering Agency desires, at any time, to acquire title to equipment leased hereunder, the price will be mutually agreed upon by the parties.

18. RETURN OF EQUIPMENT
The Government will provide written instructions for the removal of the equipment. The Ordering Agency is required to provide serial numbers and exact location of equipment for pick up.
Upon receipt of this notice the contractor shall remove the equipment within thirty (30) days or a mutually agreed date and time. The Ordering Agency is responsible for removal charges. Unless specified under the schedule contract, removal charges will be administered outside the scope of the contract.

The equipment shall be in the same condition as when delivered, with the exception of ordinary wear and tear. The contractor shall conduct a timely inspection of the returned products and within thirty (30) days of the return, assert a claim if the condition of the equipment exceeds normal wear and tear.

Equipment not removed by the contractor within thirty (30) days of the date of notification by the Order Agency shall be considered as abandoned and subject to such disposal as the Government may deem appropriate.

Terms and Conditions Applicable to SIN 333316C

1. Payment Address: Invoices will be issued by Meridian and Payment therefore shall be made only to Meridian. Payment must be made to the "Remit To" address indicated on Page __. Each invoice is payable net 30 days from the date the invoice is received by the office specified in the order.

2. Warranty Provisions applicable to SIN 333316C

i)   Warranty will be 90 days for Konica Minolta products. Meridian shall without additional charges replace parts which Meridian determines to be defective in manufacture. Routine maintenance is not considered a defect in manufacture and is not covered under the 90-365 day warranty. In addition, Meridian shall be under no obligation to provide such warranty services if:

(a)   the equipment is installed, wired, altered, modified, moved, or serviced by anyone other than Meridian authorized personnel and any such acts that in Meridian's judgment defectively or improperly performed;

(b)   Defective or improper accessory or supply is used with equipment;

(c)   Equipment is relocated to any place where Meridian services are not available or

(d)   Equipment purchased was originally installed under a rental contract.

(ii)   Fair wear and tear of the following parts are specifically excluded from this additional warranty: Cleaning Blade, Cleaning Brush Roller, Cleaning Pad, Corona Wire, Exposure Lamp, Filter, Hot Roller, Hot Roller Stripper, Lubricant, Lubricant Brush, Oil Supply Pad, Photoreceptor Master, Pick Off Pawl, Pressure Plate Sheet, Pressure Roller, Seal, and Selenium Drum Photoconductor. This warranty is expressly limited to the provision of replacement parts and the refund of freight cost for parts that were returned to Meridian and determined by Meridian to be defective. This warranty does not apply to Equipment that is subject to a Full Maintenance Contract.

3. Export Packing Charges: When export packing is requested, such packing will be quoted as an open market item.

4. Terms and Conditions of Government Purchase Card Acceptance: Government commercial credit cards will be accepted for payment on most items. VISA, MasterCard and American Express will be
accepted by Meridian for any authorized purchase; no additional discounts applicable to credit card purchases.

5. Installation: Installation will be quoted and billed by Meridian as an open market item.

6. Delivery Terms: Any inside delivery or removal from or to the point of installation where adequate access (elevators) is not available, requiring movement of device up stairways, through windows, relocate to other buildings or floors, etc. will be quoted and billed by Meridian as an Open Market Item (commercially procured item).

7. Purchase Price includes device, delivery and operator manuals.

8. Device/Consumable and Repair Parts Warranty: Per the manufacturer's warranty.

GSA Awarded Price List
SIN 333316C
Mod 108 Effective: 12/30/2016

Terms and Conditions Applicable to SIN 333316CPC

Cost-Per-Copy Plan for Copiers 333316CPC - Includes cost-per-copy plans; the customer identifies the guaranteed minimum number of copies required per month and the required functional capability of the copier equipment. As necessary to satisfy the customer's requirements, the contractor provides the required copier equipment, including accessories, attachments, copy-control devices and systems, all consumable supplies (except copying paper and transparency films), and full-service maintenance including repair parts. The customer pays a fixed monthly fee based on the customer's guaranteed minimum number of copies per month. For copies over the guaranteed minimum, the customer pays an additional fee for each copy made.

Meridian agrees to furnish 12, 24 36, 48 or 60 month term Cost Per Copy (CPC) copier units within the 48 contiguous states, AK, HI and the District of Columbia. Meridian reserves the right to reject any order for equipment outside a 50-mile radius from a MERIDIAN branch office location. MERIDIAN may accept any order outside of the 50 mile radius from the MERIDIAN office when it is mutually agreeable to both MERIDIAN and the Government.

1. **CONTRACT TERM**

    It is understood by both the Government and MERIDIAN that the Government fully intends that each machine placed under this plan will remain in place for a full 12, 24, 36, 48 or 60 months (the "Term"), as a minimum, starting from the date of installation. By placing a delivery order under the terms of a CPC Plan, it is understood that the Government ordering office intends to exercise each renewal option and to extend the Plan until the completion of the entire Term, as long as the need for the equipment or functionally similar equipment continues to exist, and funds are appropriated.

    If (i) a delivery order expires prior to the expiration of the relevant full Term and the Government does not exercise any option to renew the delivery order, or (ii) the Government terminates the Delivery Order pursuant to a Termination for Convenience or (iii) the Government terminates due to a non-appropriation; the Government agrees not to replace the equipment leased under a Delivery Order with functionally similar equipment for a period of one (1) year succeeding such expiration, termination, or non-appropriation.

    Non-Substitution: It is the intent of the Government by placing a delivery order under this contract to exercise each renewal option and to extend the lease until completion of the full Term (base period and all renewal periods) so long as the bona fide needs for the equipment or functionally similar equipment continues to exist.

    If (i) a delivery order expires prior to the expiration of the relevant full Term and the Government does not

exercise any option to renew the delivery order, or (ii) the Government terminates the Delivery Order pursuant to a Termination for Convenience or (iii) the Government terminates due to a non-appropriation; the Government agrees not to replace the equipment leased under a Delivery Order with functionally similar equipment for a period of one (1) year succeeding such expiration, termination, or non-appropriation. Any CPC Plan delivery order shall be executed by the Government on the basis that the known requirement for such equipment exceeds the initial base period of the delivery order, which is typically 12 months or for the remainder of the fiscal year. Delivery orders with options to renew that are funded by annual (fiscal year) appropriations may provide for the initial base period and option periods that cross fiscal years, as long as the base period of each option does not exceed 12 months.

When an ordering agency's specific appropriation authority provides for funds in excess of a fiscal year period, the ordering office may place a delivery order for a period up to expiration of the Term, or to the expiration of the period of availability of the multiple year appropriation. The Term will be specified in each delivery order, including any relevant renewal options of the Government. All delivery orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year.

The Government shall provide MERIDIAN with written notice to exercise each renewal option as soon as practicable, but in no event later than (30) business days after the Government receives notice of availability of fiscal year appropriations.

2. **EQUIPMENT**
   All machines installed will be newly manufactured, Factory Produced New Model, remanufactured or used equipment at MERIDIAN' option. Title to the equipment remains with MERIDIAN.

3. **MINIMUM ORDER**
   MERIDIAN reserves the right to require a minimum order of 25 machines at any one location on any one purchase order. Individual orders with a total dollar value of less than $50.00 will not be accepted by MERIDIAN.

4. **PRICING**
   Pricing for each volume band for copiers will include:
   - Equipment and Accessories
   - Consumables (except paper and transparencies),
   - Full maintenance and repair services (including both preventive and emergency repairs during normal working hours), and
   - Training for key operators, at the time of machine installation, as well as later as required by an ordering activity to maintain availability of trained key operators.

   PRICING WILL BE BASED ON A COMBINATION OF GSA PURCHASE (333316C), LEASE (532420LC), MAINTENANCE w/ SUPPLY (811212SA) PRICING AGAINST A REQUIRED VOLUME OF COPIES PER MONTH FOR CPC. PRICING CAN ONLY BE DEVELOPED BASED UPON THE CUSTOMER'S SPECIFIC REQUIREMENTS PROVIDED AT THE TIME OF REQUEST. NO PUBLISHED GSA CPC IS AVAILABLE.

5. GUARANTEED MO. MINIMUM VOLUME FOR CPC

   (a) SIN 333316CPC - For Cost-Per-Copy, the Guaranteed Monthly Minimum Volume (i.e., guaranteed number of copies per month) for each copying machine volume band are as shown below. The Government agrees to pay the following "Guaranteed Monthly Minimum Volume copies/month:

   Volume Band 1   750
   Volume Band 2   5,001
   Volume Band 3   15,001
   Volume Band 4   30,001
   Volume Band 5   50,001
   Volume Band 6   80,001
   Volume Band 7   100,000

   (b) SIN 333316CPC - Excluding the copying machines described in (c) and (d) below, if the actual monthly volume (i.e., actual total number of copies) is less than the "Guaranteed Monthly Minimum Volume" the Government agrees for the number of copies identified under the "Guaranteed Monthly Minimum Volume" at the order cost-per-copy price.

   (c) SIN 333316CPC - The "Guaranteed Monthly Minimum Volume" is not applicable to copier machines installed less than the total billing month. The actual copies from these machines will be paid at the order cost-per-copy price. SIN 333316CPC - In any month in which the Monthly Effectiveness Level (MEL) is less than 95 percent, the Government will not be responsible for paying any charge for lack of monthly volume.

6. REMITTANCE

Payment should be made to Meridian Imaging Solutions, Inc. and sent to the "remit-to" address on the invoice.

7. INSTALLATION & TRAINING

There are charges for installation and delivery of equipment. Installation and delivery vary by model; please see the individual price page for pricing. Excess rigging charges which will be quoted and billed as an Open Market item, if required.

In addition to delivery and installation referenced above, MERIDIAN will unpack, install and check the equipment to insure that it is in good working order. The Government will assign a Key Operator who will be responsible for normal operator maintenance; i.e., loading of paper, adding toner and developer, clearing paper mis-feeds, and cleaning platen glass. Equipment pricing includes one initial training session and manual, unless otherwise noted. Any additional on-site training or network integration assistance can be obtained on an Open Market basis through a separate contract from MERIDIAN.

8. ADD-ON EQUIPMENT TO THE ORIGINAL UNIT

New placements may be made at the original installation sites.   1) A different lease term may be chosen for the add-on equipment to maintain the original end date of the delivery order on a co-terminus basis OR 2) the monthly price of the add-on equipment remains as originally awarded and add-on installation units will not co-terminate with the original installs but will fulfill their complete 12, 24, 36, 48 or 60 month term. The original installations and any add-ons may be extended to achieve a consolidated co-terminus date.

9. ADD-ON ACCESSORIES

The Government may add accessories as listed in this catalog to current placements. A different lease price will be used for the add-on accessory in order for the accessory to co-terminate with the original equipment installation. MERIDIAN reserves the right to reject any equipment accessory add-ons.

10. ALTERATIONS OR REMOVALS

The Government may not make or permit any alterations to the machines by others nor remove the machines from the stated address without MERIDIAN' written authorization.

11. NON-MERIDIAN ACCESSORIES

Authorized MERIDIAN personnel will not install or connect non-MERIDIAN attachments to MERIDIAN equipment. To insure that MERIDIAN equipment complies with the federal, state and local regulations and ordinances; the Occupational Safety and Health Act of 1970; Underwriters Laboratory requirements and in order to maintain the MERIDIAN equipment in good working order, it is necessary that any such attachment or accessory be subject to MERIDIAN' approval to determine its compliance with the above mentioned acts, regulations, ordinances and requirements.

Should the accessories or attachments meet with MERIDIAN' concurrence and Underwriter's Laboratory combination listing for use with the MERIDIAN equipment to which it is to be attached, the Government may purchase from MERIDIAN and MERIDIAN will install the necessary interface for the non-MERIDIAN attachment. All charges will be on an "Open Market" basis. Non-MERIDIAN attachments/accessories which do not comply with these provisions will not be permitted and may void maintenance coverage.

12. CONSUMABLE SUPPLIES (CPC)

The CPC plan includes all operating supplies excluding paper. Supplies will be delivered via standard "ground" procedures after receipt of a verbal order from pre-determined authorized personnel. The Government must provide a point of contact who will be responsible for ordering additional supplies from MERIDIAN. The Government must also identify the location and serial number of the unit for which the additional supplies are being ordered. Meridian will allow alternate proposals for a cpc plan that does not include supplies, at the customer's request.

13. SERVICE

All CPC copiers are to be serviced and maintained in good operating condition during MERIDIAN' normal business hours (8:30 a.m. to 5:00 p.m. - Monday through Friday, except Federal Government and MERIDIAN holidays) without charge to the Government, provided such service is secured form the authorized MERIDIAN Service Point making the original installation, except charges for repair or replacement arising from the negligence of the Government. After Hours Service, if available, will be negotiated and charged as an Open Market item.

Preventive Maintenance: MERIDIAN shall provide, at a minimum, one yearly service call as a preventive maintenance service to ensure that the each copier furnished under the resulting contract is maintained in fully operational condition. However, intervals between scheduled maintenance services shall be no greater than those provided to commercial customers for the same model of copier.

Response to Service Calls: During normal working hours (as specified by the using activity), Monday through Friday (excluding holidays observed by the Government), MERIDIAN shall respond to verbal or written requests for service calls. Copiers shall be repaired within either nine (9) working hours or sixteen (16) working hours (as specified by the using activity) after the verbal or written request for the service call. However, for copiers identified as critical, the contractor shall respond to verbal requests for service calls and shall repair the copier within four (4) working hours. Copiers designated critical will be identified by the ordering activity in the order and shall not exceed 5% of the total number of copiers on the order. Response time on a service call starts, when authorized personnel of an ordering activity place a verbal request for a service call or a written request is received requesting a service call, whichever is earlier.

Backup and Replacement Copiers: MERIDIAN shall have backup and replacement copiers available to support each Volume Band. Backup copiers are those copiers that are temporarily installed. Replacement copiers are those copiers that are installed in place of a malfunctioning copier and that are intended to remain in place for the remainder of the contract period. When a copier cannot be repaired within sixteen (16) working hours, the ordering activity may request a backup copier. MERIDIAN shall deliver backup copiers within eight (8) working hours of the ordering activity's request that a backup copier is required. Backup copiers must equal or exceed the capabilities of the copier being replaced. Charges for use of the backup copier shall be identical to the charges for use of the original copier being replaced. If the original copier is not satisfactory repaired and returned to the ordering activity within a total of forty (40) working hours from the time of request for a service call, MERIDIAN shall provide a replacement copier of the same make and model as the original copier or a replacement copier satisfactory to the ordering activity. If agreed to by the ordering activity, the backup copier may be used as the replacement copier. MERIDIAN shall provide the ordering activity with the serial number, location, and model number of the replacement copier.

Qualification of Personnel (CPC): MERIDIAN shall have qualified management, service technicians and delivery personnel in sufficient numbers to service and support the requirements under contract within the specified response times. Failure to maintain sufficient qualified personnel to meet the required response times may result in termination for default. MERIDIAN shall designate and identify a program/project manager who is authorized to make decisions to ensure that the contract implementation and day-to-day operation is efficient and effective. Upon request, MERIDIAN shall submit descriptions of the pertinent experience of those employees that will have principal responsibility for the Cost-per-Copy and Flat rate Monthly Fee Programs (e.g., program/project manager, key customer service representatives, dispatchers, service technicians).

14. **COPIER OPERATIONAL EFFECTIVENESS (CPC)**

Initial Installation: If a copier is not fully operational at the time of installation, the Government may, at its option, require MERIDIAN to provide an immediate replacement copier. A fully operational copier can satisfactorily perform all the performance functions applicable to the copier.

Replacement Copier: Replacement copiers are those copiers that are installed in place of a malfunctioning copier and that are intended to remain in place for the remainder of the contract period.

Monthly Effectiveness Level: Each copier furnished under the resulting contract shall perform at a 95 percent or higher Monthly Effectiveness Level (MEL). The Monthly Effectiveness Level percentage shall be calculated as

follows: Monthly Effectiveness Level percent = ((total monthly production period in hours) minus (total number of copier downtime hours over the monthly production period) divided by (total monthly production period in hours)) times 100. The total monthly production period in hours shall be calculated by multiplying 8 hours per day times the number of working days in the month (weekend and Federal holidays excluded). The total number of copier downtime hours over the monthly production period shall be calculated as the number of minutes the copier was down (unable to perform one or more of its specified functions) during the monthly production period, divided by 60.

Credit (MEL): Failure of any copier to achieve a Monthly Effectiveness Level of 95 percent or higher shall entitle the Government to unilaterally take credit against the monthly billing for that particular copier. The credit shall be calculated as the difference between 100 percent and the achieved MEL percent times the maximum monthly charge.

- For copiers under a cost-per-copy plan, the maximum monthly charge will be calculated based on the lower number of copies specified under the Volume Band applicable to the copier.
- For copiers under a flat-rate monthly-fee plan, the maximum monthly charge will be the flat-rate monthly charge.

In any month in which the Monthly Effectiveness Level is less than 95 percent, the Government will not be responsible for paying any charge for lack of monthly volume. If the MEL is 95 percent or higher, the Government will take no credit. e.g., Credit calculation:

If the copier was down for 1200 minutes in a month which had a total monthly production period of 21 days and the monthly cost-per-copy charge was .005 cents per copy for a Volume Band III (30,000 copies per month) copier, the Government's unilateral credit against the monthly billing would be calculated as follows:

    Total monthly productions hours: 21 days times 8 hours = 168 total monthly production hours
    Total number of copier downtime hours over the monthly production period: 1200 minutes divided by 60 = 20 hours
    MEL percent: (168 minus 20, divided by 168) times 100 = 88.095 percent
    Credit percentage taken: 100 percent minus 88.095 percent = 11.005 percent
    Monthly maximum cost-per-copy charge: ($ .015 per copy) times (30,000 copies) = $450
    Government credit: 11.005 percent of $450 = $ 49.52

If a copier operates at less than a 90 percent Monthly Effectiveness Level for any month, the ordering activity shall have the option to require the contractor to replace the copier with a new replacement copier and the Government's right to unilaterally take credit against the monthly billing.

In lieu of requiring a replacement of the copier, the ordering activity (e.g., Program Manager) may require MERIDIAN to certify (e.g., on the repair record) that sufficient maintenance has been performed to ensure a 95 percent or higher Monthly Effectiveness Level. If the ordering activity exercises this option, the Government shall still retain the right to unilaterally take credit against the monthly billing. If after certification, the copier operates at less than 95 percent Monthly Effectiveness Level for the following month, MERIDIAN shall replace the copier with a brand new copier or the Government may opt to terminate the contract for default.

15. EQUIPMENT RELOCATION

Any equipment relocation costs, including dismantling, packing, shipping, uncrating, set up, and any applicable network integration charges will be at the Government's expense. In the event that equipment being maintained under this contract and procured under the CPC program is moved to another location, MERIDIAN shall continue to maintain the equipment at the new location unless the equipment is moved to a geographical location not covered by this contract. The Government shall give at least (30) days written notice of its intention to move the equipment unless such a move is required due to an emergency. When shipment is under control of the Government and damage in incurred which results in cost for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by the Government.

No relocation of equipment shall reduce or impair any obligation of the Government to pay the payments for the Guaranteed Monthly Minimum Volume due under the CPC Plan, which shall continue in full force and effect.

16. EQUIPMENT CONDITION UPON RETURN

Upon the expiration or other termination of a delivery order under a CPC plan, the Government agrees, at its own expense and risk, to pay for any repairs and to replace any parts required to place the equipment in the same condition as when received by the Government, reasonable wear and tear excepted.

17. CONVERSION TO PURCHASE

In the event the Government desires, at any time, to purchase the equipment, the Government may make a one-time lump sum payment. The purchase option price shall be the sum of (i) the net present value of the payments for the Guaranteed Monthly Minimum Volume remaining through the end of the Term, discounted to present value using a rate of three percent per annum, plus (ii) the fair market value of the equipment. The Government shall give MERIDIAN sixty (60) days prior written notice of its exercise of the purchase option. Please contact MERIDIAN to obtain an "Early Purchase Option" quote.

18. TERMINATION AND REMOVAL

MERIDIAN requires 60 days written notice for all cancellations. Exceptions to the payment of cancellation charges will only be permitted as follows;
  (a) The equipment is purchased prior to the end of the Term.
  (b) When MERIDIAN receives written notice signed by the contracting officer responsible for the installation and the cognizant fiscal or financial officer which states, "This is to certify that sufficient funds have not been and will not be appropriated to renew the delivery order. The Government will not replace the equipment with equipment that is functionally similar to that leased for a period of no less than one year following termination under the provisions for non-appropriation."

19. (CPC 333316CPC)

In the event of expiration, termination, or discontinuance of CPC service for any reason other than non-appropriations or the default of MERIDIAN prior to the expiration of the Term, the Government will pay a discontinuation charge equal to the monthly base charge for the appropriate volume band multiplied by the appropriate factor for the effective date of termination as outlined below:

_____

	36 Month Term
Discontinuance in the first 12 months	9 times Monthly Minimum
Discontinuance in the first 13-24 months	8 times Monthly Minimum
Discontinuance in the first 25-34 months	6 times Monthly Minimum
Discontinuance at 35 months	2 times Monthly Minimum
	48 Month Term
Discontinuance in the first 12 months	9 times Monthly Minimum
Discontinuance in the first 13-24 months	8 times Monthly Minimum
Discontinuance in the first 25-36 months	6 times Monthly Minimum
Discontinuance in the first 37-46 months	5 times Monthly Minimum
Discontinuance at 47 months	2 times Monthly Minimum
	60 Month Term
Discontinuance in the first 12 months	9 times Monthly Minimum
Discontinuance in the first 13-24 months	8 times Monthly Minimum
Discontinuance in the first 25-36 months	6 times Monthly Minimum
Discontinuance in the first 37-47 months	5 times Monthly Minimum
Discontinuance in the first 48-58 months	3 times Monthly Minimum
Discontinuance at 59 months	2 times Monthly Minimum

20. LOSS OR DAMAGE

The Government is relieved from all risk of loss or damage to the equipment during periods of transportation, installation, and during the entire time the equipment is in possession of the Government, except when loss or damage is due to the fault or negligence of the Government. The Government shall assume risk of loss or damage to the equipment during relocation unless the Contractor shall undertake such relocation.

21. GOVERNMENT RESPONSIBILITIES

(CPC 333316CPC)

Meter Readings are required for invoicing under 333316CPC. The Government will submit meter reading to MERIDIAN via telephone, fax, web, or email, contact initiated by MERIDIAN, or any other means authorized by MERIDIAN. It is the responsibility of the applicable agency to provide meter reading to MERIDIAN in an agreed upon format. In the event a meter reading is not provided on a timely basis, MERIDIAN will issue invoices based on the Guaranteed Monthly Minimum Volume.

22. ELECTRICITY

The Government will furnish the proper electrical current meeting MERIDIAN' published standards, and required electrical receptacles for the equipment.

23. SURVIVAL OF TERMS: ORDER OF PRECEDENCE

(a) In the event of any inconsistency between the terms and conditions of this CPC Plan and other terms and conditions of this GSA Schedule, the terms and conditions of this CPC Plan shall have precedence with respect to any delivery order governed thereby.

(b) Termination, expiration or modification of this GSA Schedule shall in no way reduce or affect the Government's liability or obligations with respect to any delivery order issued prior to the effective date of such termination, expiration or modification. Each delivery order issued pursuant to this CPC Plan and any renewal thereof shall survive the expiration, termination or modification of this GSA Schedule and each delivery order and any renewal thereof shall be subject to the term and conditions of this CPC Plan in effect on the date of the issuance of the initial delivery order.

Terms and Conditions Applicable to SIN 333316F

FRMF Plan (SIN 333316F)

Flat-Rate Monthly Fee Copying Plan for Copiers 333316F - Includes flat-rate monthly-fee plans; the customer identities the approximate number of copies required per month (i.e., monthly volume level) and the required functional capability of the copier equipment. As necessary to satisfy the customer's requirements, the contractor provides the required copier equipment, accessories, attachments, copy-control devices and systems, all consumable supplies (except copying paper and transparency films), and full maintenance services including repair parts. The customer pays a flat-rate monthly fee for copier, regardless of the number of copies made each month.

Meridian agrees to furnish 36, 48 or 60-month term Flat Rate Monthly Fee (FRMF) copier units within the 48 contiguous states, AK, HI and the District of Columbia. Meridian reserves the right to reject any order for equipment outside a 50-mile radius from a Konica Minolta (KM) Authorized Servicing Facility. Meridian may accept any order outside of the 50-mile radius from a KM Authorized Servicing Facility when it is mutually agreeable to both Meridian and the Government.

1. CONTRACT TERM

It is understood by both the Government and Meridian that the Government fully intends that each machine placed under this plan will remain in place for a full 36, 48 or 60 months (the "Term"), as a minimum, starting from the date of installation. By placing a delivery order under the terms of a FRMF Plan, it is understood that the Government ordering office intends to exercise each renewal option and to extend the Plan until the completion of the entire Term, as long as the need for the equipment or functionally similar equipment continues to exist, and funds are appropriated.

If (i) a delivery order expires prior to the expiration of the relevant full Term and the Government does not exercise any option to renew the delivery order, or (ii) the Government terminates the Delivery Order pursuant to a Termination for Convenience or (iii) the Government terminates due to a non-appropriation; the Government agrees not to replace the equipment leased under a Delivery Order with functionally similar equipment for a period of one (1) year succeeding such expiration, termination, or non-appropriation.

Non-Substitution: It is the intent of the Government by placing a delivery order under this contract to exercise each renewal option and to extend the lease until completion of the full Term (base period and all renewal periods) so long as the bona fide needs for the equipment or functionally similar equipment continues to exist.

If (i) a delivery order expires prior to the expiration of the relevant full Term and the Government does not exercise any option to renew the delivery order, or (ii) the Government terminates the Delivery Order pursuant to a Termination for Convenience or (iii) the Government terminates due to a non-appropriation; the Government agrees not to replace the equipment leased under a Delivery Order with functionally similar equipment for a period of one (1) year succeeding such expiration, termination, or non-appropriation. Any FRMF Plan delivery order shall be executed by the Government on the basis that the known requirement for such equipment exceeds the initial base period of the delivery order, which is typically 12 months or for the remainder of the fiscal year. Delivery orders with

options to renew that are funded by annual (fiscal year) appropriations may provide for the initial base period and option periods that cross fiscal years, as long as the base period of each option does not exceed 12 months.

When an ordering agency's specific appropriation authority provides for funds in excess of a fiscal year period, the ordering office may place a delivery order for a period up to expiration of the Term, or to the expiration of the period of availability of the multiple year appropriation. The Term will be specified in each delivery order, including any relevant renewal options of the Government. All delivery orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year.

The Government shall provide Meridian with written notice to exercise each renewal option as soon as practicable, but in no event later than (30) business days after the Government receives notice of availability of fiscal year appropriations.

2. EQUIPMENT
All machines installed will be newly manufactured, Factory Produced New Model, remanufactured or used equipment at Meridian's option. Title to the equipment remains with Meridian.

3. MINIMUM ORDER
Meridian reserves the right to require a minimum order of 25 machines at any one location on any one purchase order. Individual orders with a total dollar value of less than $50.00 will not be accepted by Meridian.

4. PRICING
Pricing for each volume band for copiers will include:
- Equipment and Accessories
- Consumables (except paper and transparencies),
- Full maintenance and repair services (including both preventive and emergency repairs during normal working hours), and
- Training for key operators, at the time of machine installation, as well as later as required by an ordering activity to maintain availability of trained key operators.

PRICING WILL BE BASED ON A COMBINATION OF GSA PURCHASE (333316C), LEASE (532420LC), MAINTENANCE w/ SUPPLY (811212SA) PRICING AGAINST A REQUIRED VOLUME OF COPIES AND HISTORICAL VOLUME FOR FRMF. PRICING CAN ONLY BE DEVELOPED BASED UPON THE CUSTOMER'S SPECIFIC REQUIREMENTS PROVIDED AT THE TIME OF REQUEST. NO PUBLISHED GSA FRMF PRICING IS AVAILABLE.

Flat Rate Monthly Price Calculation

Flat Rate Monthly Pricing will be calculated using a combination of the monthly price calculation for SIN 532420LC Operating Lease (FMV lease) and SIN 811212SA for Maintenance and Supplies.

Step 1: Pick a product, including accessories if needed. Insert purchase pricing using figures from 333316C.

Step 2: Select a lease term, using corresponding rates from 532420LC.

Step 3: Select a volume commitment using bands from 811212SA. The Flat Rate Monthly Fee is based on the designated maximum monthly volume range applicable to the copier being used. Meridian reserves the right to review and adjust volume bands every six months.

All Terms and Conditions of SINs 532420LTOP and SIN 811212SA will apply.

Assuming the FMV lease rate for a 60-month operating lease is .0215 and the GSA contract purchase price of the copier equipment selected is $5,101 the calculation would be as follows:

Item Description	GSA Price (333316C)	FMV Lease Term:	60 Months
			Monthly Lease
bizhub C300i Copier/Printer/Scanner - Includes PS, PCL & XPS Controller,8 GB Standard Memory, Web Browser, Duplex Unit, 256 GB SSD, USB Interfaces for Scan-to-USB Thumb Drive/Print-from-USB Thumb Drive, USB Local Printing, Optional Authentication Device Connection, Service USB Firmware Updates.	$5,673	0.0215	$121.97

Note: All Maintenance plans are 2 Click Charge for 11" x 17"

SIN 333316F - Neither guaranteed or copy charges are applicable.

5. REMITTANCE
Payment should be made to Meridian Imaging Solutions, Inc. and sent to the "remit-to" address on the invoice.

6. INSTALLATION & TRAINING

Pricing will include delivery (except excess rigging charges which will be quoted and billed as an Open Market item, if required) and installation of hardware, with the exception of those items indicated as Government installable.

In addition to delivery and installation referenced above, Meridian, or its servicing Authorized KM Facility, will unpack, install and check the equipment to ensure that it is in good working order. The Government will assign a Key Operator who will be responsible for normal operator maintenance; i.e., loading of paper, adding toner and developer, clearing paper mis-feeds, and cleaning platen glass. Equipment pricing includes one initial training session and manual, unless otherwise noted. Any additional on-site training or network integration assistance can be obtained on an Open Market basis through a separate contract from Meridian.

7. ADD-ON EQUIPMENT TO THE ORIGINAL UNIT

New placements may be made at the original installation sites. 1) A different lease term may be chosen for the add-on equipment to maintain the original end date of the delivery order on a co-terminus basis OR 2) the monthly price of the add-on equipment remains as originally awarded and add-on installation units will not co-terminate with the original installs but will fulfill their complete 36, 48 or 60-month term. The original installations and any add-ons may be extended to achieve a consolidated co-terminus date.

8. ADD-ON ACCESSORIES

The Government may add accessories as listed in this catalog to current placements. A different lease price will be used for the add-on accessory in order for the accessory to co-terminate with the original equipment installation. Meridian reserves the right to reject any equipment accessory add-ons.

9. ALTERATIONS OR REMOVALS

The Government may not make or permit any alterations to the machines by others nor remove the machines from the stated address without Meridian's' written authorization.

10. NON-MERIDIAN/KONICA MINOLTA ACCESSORIES

Authorized Meridian personnel will not install or connect non-KM attachments to KM equipment. To ensure that KM
equipment complies with the federal, state and local regulations and ordinances; the Occupational Safety and Health Act of 1970; Underwriters Laboratory requirements and in order to maintain the Meridian equipment in good working order, it is necessary that any such attachment or accessory be subject to Meridian approval to determine its compliance with the above-mentioned acts, regulations, ordinances and requirements.

Should the accessories or attachments meet with Meridian concurrence and Underwriter's Laboratory combination listing for use with the KM equipment to which it is to be attached, the Government may purchase from Meridian

and KMBS will install the necessary interface for the non-KM attachment. All charges will be on an "Open Market" basis. Non-KM attachments/accessories which do not comply with these provisions will not be permitted and may void maintenance coverage.

11. CONSUMABLE SUPPLIES (CPC AND FRMF)

The FRMF plans include all operating supplies excluding paper. Supplies will be delivered via standard "ground" procedures
after receipt of a verbal order from pre-determined authorized personnel. The Government must provide a point of contact
who will be responsible for ordering additional supplies from KMBS. The Government must also identify the location and serial number of the unit for which the additional supplies are being ordered.

12. SERVICE

FRMF copiers are to be serviced and maintained in good operating condition during Meridian's normal business hours (8:30 a.m. to 5:00 p.m. - Monday through Friday, except Federal Government and Meridian holidays) without charge to the Government, provided such service is secured form the authorized Meridian or their Authorized Service Point making the original installation, except charges for repair or replacement arising from the negligence of the Government. After Hours Service, if available, will be negotiated and charged as an Open Market item.

Preventive Maintenance: Meridian shall provide, at a minimum, one yearly service call as a preventive maintenance service to ensure that each copier furnished under the resulting contract is maintained in fully operational condition. However, intervals between scheduled maintenance services shall be no greater than those provided to commercial customers for the same model of copier.

Response to Service Calls: During normal working hours (as specified by the using activity), Monday through Friday (excluding holidays observed by the Government), KMBS shall respond to verbal or written requests for service calls. Copiers shall be repaired within either nine (9) working hours or sixteen (16) working hours (as specified by the using activity) after the verbal or written request for the service call. However, for copiers identified as critical, the contractor shall respond to verbal requests for service calls and shall repair the copier within four (4) working hours. Copiers designated critical will be identified by the ordering activity in the order and shall not exceed 5% of the total number of copiers on the order. Response time on a service call starts, when authorized personnel of an ordering activity place a verbal request for a service call or a written request is received requesting a service call, whichever is earlier.

Backup and Replacement Copiers: KMBS shall have backup and replacement copiers available to support each Volume Band. Backup copiers are those copiers that are temporarily installed. Replacement copiers are those copiers that are installed in place of a malfunctioning copier and that are intended to remain in place for the remainder of the contract period. When a copier cannot be repaired within sixteen (16) working hours, the ordering activity may request a backup copier. Meridian shall deliver backup copiers within eight (8) working hours of the ordering activity's request that a backup copier is required. Backup copiers must equal or exceed the capabilities of

the copier being replaced. Charges for use of the backup copier shall be identical to the charges for use of the original copier being replaced. If the original copier is not satisfactory repaired and returned to the ordering activity within a total of forty (40) working hours from the time of request for a service call, Meridian shall provide a replacement copier of the same make and model as the original copier or a replacement copier satisfactory to the ordering activity. If agreed to by the ordering activity, the backup copier may be used as the replacement copier. KMBS shall provide the ordering activity with the serial number, location, and model number of the replacement copier.

Qualification of Personnel (FRMF): Meridian shall have qualified management, service technicians and delivery personnel in sufficient numbers to service and support the requirements under contract within the specified response times. Failure to maintain sufficient qualified personnel to meet the required response times may result in termination for default. Meridian, or it's Authorized Servicing Facility, shall designate and identify a program/project manager who is authorized to make decisions to ensure that the contract implementation and day-to-day operation is efficient and effective. Upon request, Meridian shall submit descriptions of the pertinent experience of those employees that will have principal responsibility for the Flat rate Monthly Fee Programs (e.g., program/project manager, key customer service representatives, dispatchers, and service technicians).

13. COPIER OPERATIONAL EFFECTIVENESS (FRMF)

Initial Installation: If a copier is not fully operational at the time of installation, the Government may, at its option, require Meridian to provide an immediate replacement copier. A fully operational copier can satisfactorily perform all the performance functions applicable to the copier.

Replacement Copier: Replacement copiers are those copiers that are installed in place of a malfunctioning copier and that are intended to remain in place for the remainder of the contract period.

Monthly Effectiveness Level: Each copier furnished under the resulting contract shall perform at a 95 percent or higher Monthly Effectiveness Level (MEL). The Monthly Effectiveness Level percentage shall be calculated as follows: Monthly Effectiveness Level percent = ((total monthly production period in hours) minus (total number of copier downtime hours over the monthly production period) divided by (total monthly production period in hours)) times 100. The total monthly production period in hours shall be calculated by multiplying 8 hours per day times the number of working days in the month (weekend and Federal holidays excluded). The total number of copier downtime hours over the monthly production period shall be calculated as the number of minutes the copier was down (unable to perform one or more of its specified functions) during the monthly production period, divided by 60.

Credit (MEL): Failure of any copier to achieve a Monthly Effectiveness Level of 95 percent or higher shall entitle the Government to unilaterally take credit against the monthly billing for that particular copier. The credit shall be calculated as the difference between 100 percent and the achieved MEL percent times the maximum monthly charge.

- For copiers under a flat-rate monthly-fee plan, the maximum monthly charge will be the flat-rate monthly charge.

In any month in which the Monthly Effectiveness Level is less than 95 percent, the Government will not be responsible for paying any charge for lack of monthly volume. If the MEL is 95 percent or higher, the Government will take no credit. e.g., Credit calculation:

If the copier was down for 1200 minutes in a month which had a total monthly production period of 21 days and the monthly cost-per-copy charge was .005 cents per copy for a Volume Band III (30,000 copies per month) copier, the Government's unilateral credit against the monthly billing would be calculated as follows:

> Total monthly productions hours: 21 days times 8 hours = 168 total monthly production hours
> Total number of copier downtime hours over the monthly production period: 1200 minutes divided by 60 = 20 hours
> MEL percent: (168 minus 20, divided by 168) times 100 = 88.095 percent
> Credit percentage taken: 100 percent minus 88.095 percent = 11.005 percent
> Monthly maximum cost-per-copy charge: ($ .015 per copy) times (30,000 copies) = $450
> Government credit: 11.005 percent of $450 = $ 49.52

If a copier operates at less than a 90 percent Monthly Effectiveness Level for any month, the ordering activity shall have the option to require the contractor to replace the copier with a new replacement copier and the Government's right to unilaterally take credit against the monthly billing.

In lieu of requiring a replacement of the copier, the ordering activity (e.g., Program Manager) may require Meridian to certify (e.g., on the repair record) that sufficient maintenance has been performed to ensure a 95 percent or higher Monthly Effectiveness Level. If the ordering activity exercises this option, the Government shall still retain the right to unilaterally take credit against the monthly billing. If after certification, the copier operates at less than 95 percent Monthly Effectiveness Level for the following month, Meridian shall replace the copier with a brand new copier or the Government may opt to terminate the contract for default.

14. EQUIPMENT RELOCATION

Any equipment relocation costs, including dismantling, packing, shipping, uncrating, set up, and any applicable network integration charges will be at the Government's expense. In the event that equipment being maintained under this contract and procured under the FRMF program is moved to another location, Meridian shall continue to maintain the equipment at the new location unless the equipment is moved to a geographical location not covered by this contract. The Government shall give at least (30) days written notice of its intention to move the equipment unless such a move is required due to an emergency. When shipment is under control of the Government and damage in incurred which results in cost for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by the Government.

No relocation of equipment shall reduce or impair any obligation of the Government to pay the payments for the Guaranteed Monthly Minimum Volume due under the monthly FRMF pricing, which shall continue in full force and effect.

15. EQUIPMENT CONDITION UPON RETURN

Upon the expiration or other termination of a delivery order under a FRMF Plan, the Government agrees, at its own expense and risk, to pay for any repairs and to replace any parts required to place the equipment in the same condition as when received by the Government, reasonable wear and tear excepted.

16. CONVERSION TO PURCHASE

In the event the Government desires, at any time, to purchase the equipment, the Government may make a one-time lump sum payment. The purchase option price shall be the sum of (i) the net present value of the payments for the Guaranteed Monthly Minimum Volume or FRMF pricing remaining through the end of the Term, discounted to present value using a rate of three percent per annum, plus (ii) the fair market value of the equipment. The Government shall give Meridian sixty (60) days prior written notice of its exercise of the purchase option. Please contact Meridian to obtain an "Early Purchase Option" quote.

17. TERMINATION AND REMOVAL

Meridian requires 60 days written notice for all cancellations. Exceptions to the payment of cancellation charges will only be permitted as follows;

     a)   The equipment is purchased prior to the end of the Term.

     b)   When Meridian receives written notice signed by the contracting officer responsible for the installation and the cognizant fiscal or financial officer which states, "This is to certify that sufficient funds have not been and will not be appropriated to renew the delivery order. The Government will not replace the equipment with equipment that is functionally similar to that leased for a period of no less than one year following termination under the provisions for non-appropriation."

(FRMF 333326F)
Termination charges for Meridian's FRMF Plan (SIN 333316F) are based on the standard GSA termination charges for GSA Operating Lease SIN 532420LC.

18. LOSS OR DAMAGE

The Government is relieved from all risk of loss or damage to the equipment during periods of transportation, installation, and during the entire time the equipment is in possession of the Government, except when loss or damage is due to the fault or negligence of the Government. The Government shall assume risk of loss or damage to the equipment during relocation unless the Contractor shall undertake such relocation.

19. GOVERNMENT RESPONSIBILITIES

<u>(FRMF 333316F)</u>
Meter Readings are not required for invoicing under 333316F; however meter readings are required in order to provide the Government with any usage reporting. The Government will submit meter reading to KMBS via telephone, fax, web, or email, contact initiated by KMBS, or any other means authorized by KMBS. It is the responsibility of the applicable agency to provide meter reading to KMBS in an agreed upon format.

20. ELECTRICITY
The Government will furnish the proper electrical current meeting Meridian's/KM's published standards, and required electrical receptacles for the equipment.

21. SURVIVAL OF TERMS: ORDER OF PRECEDENCE

    a.   In the event of any inconsistency between the terms and conditions of this CPC or FRMF Plan and other terms and conditions of this GSA Schedule, the terms and conditions of this FRMF Plan shall have precedence with respect to any delivery order governed thereby.

    b.   Termination, expiration or modification of this GSA Schedule shall in no way reduce or affect the Government's liability or obligations with respect to any delivery order issued prior to the effective date of such termination, expiration or modification. Each delivery order issued pursuant to this FRMF Plan and any renewal thereof shall survive the expiration, termination or modification of this GSA Schedule and each delivery order and any renewal thereof shall be subject to the term and conditions of this CPC or FRMF Plan in effect on the date of the issuance of the initial delivery order.

Note: All Maintenance plans are 2 Click Charge for 11" x 17"

* Lease to Own Plans (SIN 532420LTOP) and Operating Lease Plans (SIN 532420LC) are available. Please apply the above purchase pricing to the appropriate lease rate factor found on Page 10.

*Copiers must be acquired as bundled configured units (mainframe & optional accessories). Accessories ordered with the base model are GSA compliant. Accessories cannot be purchased separately on GSA Schedule. Accessories are available only on an Open Market basis when purchased separately. If ordering accessories only, a separate Open Market purchase order must be issued.

Item Number	Item Description	GSA Purchase Price
7640013463	CS-1 Convenience Stapler	$151.00
A5C1192100	Stylus Pen for INFO-Palette Series	$15.00
	Supplies (SIN 339940)	
A8H5030	TN812 Bh808 Toner (Yield: 40,800)	$71.03
A2WYWY1	WX-102 Waste Toner Box (Yield: 160,000)	$19.42
4599141	MS-10A Staple Kit (5K x 3) for FN-115, FS 808	$88.64
14YK	SK-602 Staples for FS-808	$34.13

Notes:

1) OT-508 Output Tray is required if a finisher is not installed.
2) FS-536 - 50-sheet Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.
3) FS-536SD provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.
4) FS-537 - 100-sheet Staple Finisher required to support additional PK-523 Punch Kit, JS-602 Job Separator Tray, PI-507 Post Inserter and ZU-609 Z-Fold Unit.
5) FS-537SD provides 100-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.
6) PK-523 - Provides 2/3-Hole Punch for FS-537.
7) JS-602 - Adds third tray to FS-537 Finisher.
8) RU-515 relay unit required for installation of FS-536/FS-536SD or FS-537/FS-537SD on the bizhub 958/808.
9) To add fax capability order the FK-516 Fax Kit. For dual fax line capability order two FK-516 Fax Kits.
10) To add third fax line, order FK-515 Fax Kit and MK-742. To add fourth fax line order a second FK-515. Only one FK-728 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.
11) EK-610 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).
12) SP-501 Stamp Unit is installed on standard Dual Scan Document Feeder.
13) KH-102 Keyboard Holder holds optional external keyboard.
14) LK-104 v3 i-Option License Kit provides Voice Guidance. Requires EK-610 or EK-611 to access via a Register Key. To access Voice Guidance functions from the hard 10-key pad, the optional KP-101 10-Key pad is also required.
15) AU-205H IC Card Reader unit requires WT-506 Working Table or MK-735 Mount Kit to install internally.
16) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit.
17) SC-508 When the SC-508 is added to the 958 or 808, two SC-508 Copy Guard Kits are required to apply the copy guard/password protection to each side of the original since both sides are scanned in one pass;
18) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time. The refill staples for the CS-1 Convenience Stapler are the SK-602, which are the same refill staples found on most Konica Minolta Finishers & Options. The product finish is black to match the "tuxedo" look of the MFP products.

A9K1130	Toner TN017	$152.39

Notes:
1) HT-506 is recommended when customer runs high volumes of coated stock and/or has excessive humidity.
2) Must also order MK-732 Mount Kit for attachment of PI-502 Post Inserter to FS-532 Finisher.
3) PP-701 is parts kit for PF-709 to enable better feeding of pre-printed paper.
4) FA-503 is required when using PF-710 as a PI-PFU.
5) LS-506 ships with one LC-501 roll-away cart.
6) Must order at least one die set (DS-50X) with each GP-501.
7) Configurations including the GP-501 require BOTH the RU-510 AND RU-518 Relay Units
8) Must order GC-501 Glue Chips with PB-503
9) IQ-501 is strongly recommended with most configuration, VI-512 and RU-518 is required for IQ-501
10) OT-510 is not compatible with IQ-501
11) RU-510 is REQUIRED for all configurations.
12) MK-732 Mount Kit Required for attachment of PI-502 Post Inserter to FS-532 Finisher.
13) GP-502 Punches and binds finished books in line. NOTE: Does not ship with any binding elements - must order RB-101 binding elements separately.
14) Combination of GP-502 and IQ-501 is not possible.
15) Waiver required for EF-105 envelope fuser is posted on mykonicaminolta.com under 6136/6136P/6120 Product Materials/Sales Tools
16) SD-513 and SD-513/F are both needed to make a complete SD-513 Saddle Stitch Finisher
17) CR-101 Creaser, FD-504 Square Folding Unit and TU-503 Trimmer Unit are all options for SD-513
18) HM-103 Humidification Unit includes a water tank that requires distilled water. This option is useful to eliminate curling of uncoated output.
19) Plockmatic SD-500 - 50 Sheet Bookletmaker: Item Number 10200011 (Plockmatic 50 Sheet Upgrade Kit) and 10207000 (Plockmatic SD-350 Bookletmaker) must both be included
20) Plockmatic bookletmakers must include 7640020192 - PLOCKMATIC INSTALL & TRAINING - KM
21) Staples for SD-506 are item number 14YH
22) Staples for SD-510 are item number 14YK
23) Staples for SD-513 are item number A85VWY1
24) Staples for the FS-532 are item number A4RCWY1
25) GBC PUNCH G2 requires 2 MK-737s to install, as well as at least one DIE set. For full speed (105ppm or more) an additional RU-518 and RU-510 is required. The description for Die sets for the PUNCH G2 start with DIE. Please note these are different from the GP-501 die sets.
26) VI-509 Video Interface Kit required for connection of MIC-4160 Controller

14YK	SK-602 Staples (5K x 3) for FS-533/534/536/536SD and SD-511/512 and FS-537SD saddle stitch kit only	$34.12

Notes:

1) FS-536 Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.
2) FS-536 + SD-511 provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD-511 not sold separately.Requires the RU-513 relay unit for installation on the bizhub C360i/C300i/C250i.
3) The FS-534 requires the RU-513 relay unit for installation on the bizhub C350i/C300i/C250i.
4) FS-533 Inner Staple Finisher required to support additional PK-519 Punch Kit supports banner printing.
5) PK-519 provides 2/3-Hole Punch for FS-533.
6) PK-520 provides 2/3-Hole Punch for FS-536.
7) To add fax capability order the FK-514 Fax Kit. For dual line capability add two FK-514 Fax Kits.
8) To add third fax line, order the FK-515 Fax Kit and the MK-742. To add fourth fax line order a second FK-515 .Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.
9) EK-608 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).
10) EK-609 Local USB Interface Kit is required to connect optional external keyboard, provides Bluetooth printing support for mobile phone link and optional LK-104 v3 i-Option License Kit (Voice Guidance).
11)SP-501 Stamp Unit is installed on DF-632 or DF-714 Document Feeders.
12) Spare Fax Stamp is installed on DF-632 or DF-714 Document Feeders.
13) MK-735 Mount Kit internally mounts the AU-205H IC Card Reader Unit.
14) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit and AU-204H Mag Stripe Card Reader.
15) SC-508 Two Copy Guard Kits are required to apply the copy guard/password protection to each side of the originals when both sides are scanned in one pass (DF-714).
16) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time.
17) VI-516 Fiery Inteface Kit and UK-115 Video Interface Kit are required for IC-420 Fiery Controller.
18) IC-420 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.
19) UK-221 provides wireless secure printing, scanning and Authentication. Required for "waking MFP from ErP Mode" when using bizhub RA (Remote Access) app.

Note: All Maintenance plans are 2 Click Charge for 11" x 17"

* Lease to Own Plans (SIN 532420LTOP) and Operating Lease Plans (SIN 532420LC) are available. Please apply the above purchase pricing to the appropriate lease rate factor found on Page 10.

 *Copiers must be acquired as bundled configured units (mainframe & optional accessories). Accessories ordered with the base model are GSA compliant. Accessories cannot be purchased separately on GSA Schedule. Accessories are available only on an Open Market basis when purchased separately. If ordering accessories only, a separate Open Market purchase order must be issued.

Item Number	Item Description	GSA Purchase Price
XGPCS15DKM	ESP Diagnostic Power Filter 120V/15A	$130.23
ACDKWY1	SC-509 SECURITY KIT	$580.10
7640020522	SIPRNETProfessional Installation Services **(AU-211P is required)**	$575.00
7640008082	AU-211P CAC/PIV Reader w/Certificate (**If end user requires SIPRNET Token Authentication then Item number "SIPRNETPS" Professional Installation Services is also required**)	$388.00
7640013463	CS-1 Convenience Stapler (50-sheet capacity/offline)	$155.79
A4NMWY1	MK-735 Mount Kit (IC Card Internal Mount Kit)	$28.41
A4MEWY2	MK-730 Mount Kit (Banner paper guide)	$400.62
A161192000	Stylus Pen for INFO-Palette Series	$14.21
ACDMWY1	UK-221 WIRELESS LAN KIT	$123.12
4623474	Key Counter Mount Kit 1 for Hecon Conventional Counter	$40.73
AC8XWY1	IM-102 Intelligent Media Sensor	$165.69
ACDJWY1	EM-908 1 TB SSD	$470.48
	Supplies (SIN 339940)	
AAV8230	TN328Y YELLOW TONER (Yield:28k)	$151.24
AAV8330	TN328M MAGENTA TONER (Yield:28k)	$151.24
AAV8430	TN328C CYAN TONER (Yield:28k)	$151.24
AAV8130	TN328K BLACK TONER (Yield:28k)	$63.94
AAVA0Y1	WX-107 WASTE TONER BOX - C360i/C300i/C250i	$54.01
14YK	SK-602 Staples (5K x 3) for FS-533/534/536/536SD and SD-511/512 and FS-537SD saddle stitch kit only	$34.12

Notes:

1) FS-536 Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.

2) FS-536 + SD-511 provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD-511 not sold separately.Requires the RU-513 relay unit for installation on the bizhub C360i/C300i/C250i.

3) The FS-534 requires the RU-513 relay unit for installation on the bizhub C350i/C300i/C250i.

4) FS-533 Inner Staple Finisher required to support additional PK-519 Punch Kit supports banner printing.

5) PK-519 provides 2/3-Hole Punch for FS-533.

6) PK-520 provides 2/3-Hole Punch for FS-536.

7) To add fax capability order the FK-514 Fax Kit. For dual line capability add two FK-514 Fax Kits.

8) To add third fax line, order the FK-515 Fax Kit and the MK-742. To add fourth fax line order a second FK-515 .Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.

9) EK-608 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).

10) EK-609 Local USB Interface Kit is required to connect optional external keyboard, provides Bluetooth printing support for mobile phone link and optional LK-104 v3 i-Option License Kit (Voice Guidance).

11)SP-501 Stamp Unit is installed on DF-632 or DF-714 Document Feeders.

12) Spare Fax Stamp is installed on DF-632 or DF-714 Document Feeders.

13) MK-735 Mount Kit internally mounts the AU-205H IC Card Reader Unit.

14) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102   Biometric Authentication Unit and AU-204H Mag Stripe Card Reader.

15) SC-508 Two Copy Guard Kits are required to apply the copy guard/password protection to each side of the originals when both sides are scanned in one pass (DF-714).

16) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time.

17) VI-516 Fiery Inteface Kit and UK-115 Video Interface Kit are required for IC-420 Fiery Controller.

18) IC-420 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.

19) UK-221 provides wireless secure printing, scanning and Authentication. Required for "waking MFP from ErP Mode" when using bizhub RA (Remote Access) app.

Notes:

1) FS-537 - 100-sheet Staple Finisher required to support additional PK-523 Punch Kit, JS-602 Job Separator Tray, PI-507 Post Inserter and ZU-609 Z-Fold Unit.

2) FS-537SD provides 100-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.

3) PK-523 - Provides 2/3-Hole Punch for FS-537.

4) JS-602 - Adds third tray to FS-537 Finisher.

5) RU-513 relay unit required for installation of FS-536/FS-536SD or FS-537/FS-537SD on the bizhub C658/C558/C458.

6) FS-536 - 50-sheet Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.

7) FS-536SD provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.

8) FS-533 Inner Staple Finisher required to support additional PK-519 Punch Kit supports banner printing.

9) PK-519 provides 2/3-Hole Punch for FS-533.

10) PK-520 provides 2/3-Hole Punch for FS-536.

11) OT-506 Output Tray is required if a finisher is not installed.

12) To add fax capability order the FK-514 Fax Kit. For dual fax line capability add two FK-515 Fax Kits.

13) To add third fax line, order A884W11 FK-515 Fax Kit and A886WY1 MK-742. To add fourth fax line order a second FK-515 .Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.

14) EK-608 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).

15) EK-609 Local USB Interface Kit is required to connect optional external keyboard, provides Bluetooth printing support for mobile phone link and optional LK-104 v3 i-Option License Kit (Voice Guidance).

16) SP-501 Stamp Unit is installed on standard Dual Scan Document Feeder.

17) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit.

18) SC-508 When the SC-508 is added to the C658, C558 or C458, two SC-508 Copy Guard Kits are required to apply the copy guard/password protection to each side of the original sinceboth sides are scanned in one pass.

19) VI-510 Fiery Inteface Kit is required for IC-416 Fiery Controller.

20) IC-416 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.

21) DK-510 Copy Desk cannot be used as part of a configuration that includes LU-207 or LU-302.

22) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time. The refill staples for the CS-1 Convenience Stapler are the SK-602, which are the same refill staples found on most Konica Minolta Finishers & Options. The product finish is black to match the "tuxedo" look of the MFP products.

14YK	SK-602 Staples (5K x 3) for FS-533/534/536/536SD and SD-511/512 and FS-537SD saddle stitch kit only	$34.13
4599141	MS-10A Staple Kit (5K x 3) for FS-535/537/537SD (excluding saddle stitch kits)	$88.64

Notes:
1) FS-537 - 100-sheet Staple Finisher required to support additional PK-523 Punch Kit, JS-602 Job Separator Tray, PI-507 Post Inserter and ZU-609 Z-Fold Unit.
2) FS-537SD provides 100-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.
3) PK-523 - Provides 2/3-Hole Punch for FS-537.
4) JS-602 - Adds third tray to FS-537 Finisher.
5) RU-513 relay unit required for installation of FS-536/FS-536SD or FS-537/FS-537SD on the bizhub C658/C558/C458.
6) FS-536 - 50-sheet Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.
7) FS-536SD provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.
8) FS-533 Inner Staple Finisher required to support additional PK-519 Punch Kit supports banner printing.
9) PK-519 provides 2/3-Hole Punch for FS-533.
10) PK-520 provides 2/3-Hole Punch for FS-536.
11) OT-506 Output Tray is required if a finisher is not installed.
12) To add fax capability order the FK-514 Fax Kit. For dual fax line capability add two FK-515 Fax Kits.
13) To add third fax line, order A884W11 FK-515 Fax Kit and A886WY1 MK-742. To add fourth fax line order a second FK-515 .Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.
14) EK-608 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).
15) EK-609 Local USB Interface Kit is required to connect optional external keyboard, provides Bluetooth printing support for mobile phone link and optional LK-104 v3 i-Option License Kit (Voice Guidance).
16) SP-501 Stamp Unit is installed on standard Dual Scan Document Feeder.
17) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit.
18) SC-508 When the SC-508 is added to the C658, C558 or C458, two SC-508 Copy Guard Kits are required to apply the copy guard/password protection to each side of the original sinceboth sides are scanned in one pass.
19) VI-510 Fiery Inteface Kit is required for IC-416 Fiery Controller.
20) IC-416 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.
21) DK-510 Copy Desk cannot be used as part of a configuration that includes LU-207 or LU-302.
22) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time. The refill staples for the CS-1 Convenience Stapler are the SK-602, which are the same refill staples found on most Konica Minolta Finishers & Options. The product finish is black to match the "tuxedo" look of the MFP products.

A9E8230	Toner TN514Y (Yield: 26,000)	$80.27
A4NNWY3	Waste Toner Box (40K)	$22.80
14YK	SK-602 Staples (5K x 3) for FS-533/534/536/536SD and SD-511/512 and FS-537SD saddle stitch kit only	$34.13
4599141	MS-10A Staple Kit (5K x 3) for FS-535/537/537SD (excluding saddle stitch kits)	$88.64

Notes:

1) FS-537 - 100-sheet Staple Finisher required to support additional PK-523 Punch Kit, JS-602 Job Separator Tray, PI-507 Post Inserter and ZU-609 Z-Fold Unit.

2) FS-537SD provides 100-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.

3) PK-523 - Provides 2/3-Hole Punch for FS-537.

4) JS-602 - Adds third tray to FS-537 Finisher.

5) RU-513 relay unit required for installation of FS-536/FS-536SD or FS-537/FS-537SD on the bizhub C658/C558/C458.

6) FS-536 - 50-sheet Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.

7) FS-536SD provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.4) 9) PK-520 provides 2/3-Hole Punch for FS-536.

8) OT-506 Output Tray is required if a finisher is not installed.

9) To add fax capability order the FK-514 Fax Kit. For dual fax line capability add two FK-515 Fax Kits.

10) To add third fax line, order A884W11 FK-515 Fax Kit and A886WY1 MK-742. To add fourth fax line order a second FK-515 .Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.

11) EK-608 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).

12) EK-609 Local USB Interface Kit is required to connect optional external keyboard, provides Bluetooth printing support for mobile phone link and optional LK-104 v3 i-Option License Kit (Voice Guidance).

13) SP-501 Stamp Unit is installed on standard Dual Scan Document Feeder.

14) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit.

15) SC-508 When the SC-508 is added to the C658, C558 or C458, two SC-508 Copy Guard Kits are required to apply the copy guard/password protection to each side of the original sinceboth sides are scanned in one pass.

16) VI-510 Fiery Inteface Kit is required for IC-416 Fiery Controller.

17) IC-416 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.

18) DK-510 Copy Desk cannot be used as part of a configuration that includes LU-207 or LU-302.

19) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time. The refill staples for the CS-1 Convenience Stapler are the SK-602, which are the same refill staples found on most Konica Minolta Finishers & Options. The product finish is black to match the "tuxedo" look of the MFP products.

4623485	Key Counter Mount Kit 1 for Hecon Conventional Counter	$41.00
A0W4WY3	WT-506 Working Table	$54.00
A8HCWY2	WT-513 Working Table (Upright Panel)	$1,302.27
A4MMWY3	SC-508 Security Kit (Copy Guard / Password Protect)	$580.10
XGPCS20DKM	ESP Diagnostic Power Filter 120V/20A	$272.00
7640013463	CS-1 Convenience Stapler	$151.00
	Supplies (SIN 339940)	
A9K8130	TN713K - BLACK TONER (YIELD - 48.9K)	$75.99
A9K8230	TN713Y - YELLOW TONER (YIELD - 33.2K)	$71.78
A9K8330	TN713M - MAGENTA TONER (YIELD - 33.2K)	$51.91
A9K8430	TN713C - CYAN TONER (YIELD - 33.2K)	$51.91
A0XPWY6	WASTE TONER BOX (Yield: 48K) C659/C759	$49.47
4599141	MS-10A Staple Kit (5K x 3) for FS-535/537/537SD (excluding saddle stitch kits)	$88.64
14YK	SK-602 Staples (5K x 3) for FS-533/534/536/536SD and SD-511/512 and FS-537SD saddle stitch kit only	$34.13

Notes:

1)2)FS-537 - 100-sheet Staple Finisher required to support additional PK-523 Punch Kit, JS-602 Job Separator Tray, PI-507 Post Inserter and ZU-609 Z-Fold Unit.

3)FS-537SD provides 100-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.

4)PK-523 - Provides 2/3-Hole Punch for FS-537.

5) JS-602 - Adds third tray to FS-537 Finisher.

6) RU-515 relay unit required for installation of FS-536/FS-536SD or FS-537/FS-537SD.

7) FS-536 - 50-sheet Staple Finisher required to support additional PK-520 Punch Kit; supports banner printing.

8) FS-536SD provides 50-sheet stapling and booklet output (20 sheets/80 pages). SD unit not sold separately.

9) PK-520 provides 2/3-Hole Punch for FS-536.

10) OT-508 Output Tray is required if a finisher is not installed.

11) To add fax capability order a FK-516 Fax Kit. For dual fax line capability order two FK-516 Fax Kits.

12) To add third fax line, order FK-515 Fax Kit and MK-742. To add fourth fax line order a second FK-515. Only one MK-742 Fax Mount Kit is required to support Fax Line 3 and Fax Line 4.

13) EK-611 Local USB Interface Kit is required to connect optional external keyboard or optional LK-104 v3 i-Option License Kit (Voice Guidance).

14) SP-501 Stamp Unit is installed on standard Dual Scan Document Feeder.

15) IC-418 Productivty Package contains Graphic Arts components that are not sold separately. These include Fiery Image Viewer, Post Flight Report, Image Enhance Visual Editor, Control Bar, Paper Simulation, Graphic Arts Filters, PDF/X Preflight Filter, Print Next and Process Next. Also included are Hot Folders and Virtual Printers.

16) KH-102 Keybaord Holder holds optional external keyboard.

17) MK-735 Mount Kit internally mounts the AU-205H IC Card Reader Unit.

18) WT-506 Working Table is recommended to hold AU-205H. If WT-506 is not installed, AU-205H must be mounted internally with the optional MK-735 Mount Kit. WT-506 Working Table is required for AU-102 Biometric Authentication Unit

19) Two SC-508 Copy Guard Kits are required to apply the copy guard/password protection to each side of the original since both sides are scanned in one pass

20) CS-1 Convenience Stapler is a standalone device electronic stapler that can staple up to 50 sheets at a time. The refill staples for the CS-1 Convenience Stapler are the SK-602

Color Management Tools		

Notes:

1) The customer must sign a safety waiver for swapping the fusers with EF-103 Envelope Fuser. The form is available on mykonicaminolta.com
2) UK-104 is required for UK-214, both are options for IC-605 controller
3) Color Management is a separate page called Color Mgnt Tools
4) VI-509 Video Interface Kit required for connection of all non-KM controllers
5) HT-503/515 is recommended for customers who plan to run coated stocks and/or operate in humid environments. HT-503 is needed when LU-202m, LU-202XL, or LU-202XLm is connected directly to the engine. HT-515 is needed for LU-202XLm when connected to PF-707m. HT-515 requires its own power.
6) HT-505 is recommended for customers who plan to run coated stocks and/or operate in humid environments.
7) LS-506 ships with one LC-501 roll-away cart
8) HT-506 is recommended for customers who plan to run coated stocks and/or operate in humid environments
9) The RU-518 is mandatory on some finishing unit configurations including the SD-506, FD-503, SD-513, GBC Punch G2, PB-503 and 3rd party finishing. It will also improve de-curling and includes CDC for improved color consistency.
10) MK-732 Mount Kit Required for attachment of PI-502 Post Inserter to FS-532 Finisher.
11) Must order at least one binding element (RB-101) with each GP-502
12) SD-513 and SD-513/F are both needed to make a complete SD-513 Saddle Stitch Finisher
13) CR-101 Creaser, FD-504 Square Folding Unit and TU-503 Trimmer Unit are all options for SD-513
14) Creo Packs for IC-309 and IC-307 Universal Stand are also compatible with Creo IC-314
15) EFI Option Bundle for IC-308 - 22in FACI+CPS+Imp+JM+Gappe is also compatible with IC-313
16) Staples for SD-506 are item number 14YH
17) Staples for FS-531 and SD-510 are item number 14YK
18) Staples for SD-513 are item number A85VWY1
19) Staples for the FS-532 are item number A4RCWY1
20) Staples for FS-612 are item number 4448121
21) Plockmatic SD-500 - 50 Sheet Bookletmaker: Item Number 10200011 (Plockmatic 50 Sheet Upgrade Kit) and 10207000 (Plockmatic SD-350 Bookletmaker) must both be included
22) Plockmatic bookletmakers must include 7640020192 - PLOCKMATIC INSTALL & TRAINING - KM
23) GBC PUNCH G2 requires 2 MK-737s to install as well as at least one DIE set. The description for Die sets for the PUNCH G2 start with DIE, ... Please note these are different from the GP-501 die sets. For valid GBC PUNCH G2 configurations, please check the Spec and Install Guide or Service Manual.
24) UK-111 is only required for C3080P with more than one PF-707m

Notes:
1) HT-506 is recommended when customer runs high volumes of coated stock and/or has excessive humidity.
2) One FA-502 is required for each additional PFU attached to a max. of 3. Max. is (3) PF-707's or (1) PF-708 + (2) PF-707.
3) RU-511 is REQUIRED for all configurations.
4) IQ-501 is strongly recommended with most configuration, VI-511 is required for IQ-501
5) HM-101 Humidification Unit includes a water tank that requires distilled water. This option is useful to eliminate curling of uncoated output.
6) RU-518 is required for banner printing.
7) GC-501 Glue Chips must be ordered with every PB-503.
8) GP-501 does not include any die sets. At least one die set must be ordered with each GP-501.
9) Configurations including the GP-501 require BOTH the RU-510 AND RU-511 Relay Units.
10) MK-732 Mount Kit Required for attachment of PI-502 Post Inserter to FS-532 Finisher.
11) Must order at least one binding element (RB-101) with each GP-502
12) Each LS-506 includes one LC-501 stacker cart.
13) UK-110 is required whenever the PF-71 is configured with Fiery or Creo controllers.
14) VI-509 Video Interface Kit required for connection of all non-KM controllers
15) Color Management is a separate page called Color Mgnt Tools
16) OR-102 ORU Enablement Accessory Board (item #A6J6WY1) is required for customers that will opt for the ORU Program
17) SD-513 and SD-513/F are both needed to make a complete SD-513 Saddle Stitch Finisher
18) CR-101 Creaser, FD-504 Square Folding Unit and TU-503 Trimmer Unit are all options for SD-513
19) Plockmatic SD-500 - 50 Sheet Bookletmaker: Item Number 10200011 (Plockmatic 50 Sheet Upgrade Kit) and 10207000 (Plockmatic SD-350 Bookletmaker) must both be included.
20) Plockmatic bookletmakers must include 7640020192 - PLOCKMATIC INSTALL & TRAINING - KM
21) GBC PUNCH G2 requires 2 MK-737s to install as well as at least one DIE set. The description for Die sets for the PUNCH G2 start with DIE, ... Please note these are different from the GP-501 die sets. See the service manual for configuration requirements.
22) Waiver required for EF-104 is posted on mykonicaminolta.com under C6100/C6085 Product Materials/Sales Tools
23) The EF-104 fuser is 70 lbs. A quantity of (2) A5AWRX0000A Fuser Loading Wagon is recoommended with EF-104. 2 Loading Wagons are included in the ORU Part Kit. If ORU is included only 1 additional Loading Wagon is needed.
24) Creo Packs for IC-309 are compatible with IC-314, Universal Stand are also compatible with Creo IC-314
25) Staples for SD-506 are item number 14YH
26) Staples for SD-510 are item number 14YK
27) Staples for SD-513 are item number A85VWY1
28) Staples for the FS-532 are item number A4RCWY1
29) GBC Wirebinder G1 requires the GBC Punch G2 and one eWire DIE set (item number 7714915 or 7714916)

Bizhub Secure

OF ALL THE RESOURCES IN TODAY'S BUSINESS AND PROFESSIONAL WORLD, YOUR DATA CAN BE THE MOST VALUABLE – AND ALSO THE MOST VULNERABLE.
That's why Konica Minolta offers lock down protection with bizhub® SECURE: a set of enhanced password and data security measures to give your bizhub MFP an extra level of security. We offer professional safeguard services that will be provided by your Konica Minolta field engineer. Ensure that your data is more than just secure – it's bizhub SECURE!

SECURE MEASURES FOR TOTAL PEACE OF MIND

How can you make certain your valuable data is safe from theft – and prevent it from being stolen from your MFP by an unauthorized user or extracted if the hard disk drive is removed from your multifunction device? The answer is simple – and all it takes is allowing an authorized Konica Minolta field engineer to activate the bizhub security features of your bizhub MFP. With bizhub secure safeguards in place, you'll know that your documents have uncompromising security protection.

At Konica Minolta we understand that your organization may not have the bandwidth or infrastructure to enable, configure and track the security functions that are required for compliance or internal mandates. That is why we developed the bizhub SECURE Service. To provide you with the resource you need to lock down and protect any document data that might reside on the bizhub's internal hard drive.

The first step to securing and protecting any document image data that might be present on the hard drive is changing the default Administrative Password to a Secure Password. In addition, the following Security Functions will be enabled for your bizhub:
• Hard Drive Encryption
• Hard Drive Lock Password
• Automatic Deletion of any temporary image data
• Data Overwrite of electronic documents on a timed basis

Bizhub Secure Platinum

Bizhub SECURE PLATINUM

OF ALL THE RESOURCES IN TODAY'S BUSINESS AND PROFESSIONAL WORLD, YOUR DATA AND ITS CONFIDENTIALITY ARE CRITICAL CONCERNS. To satisfy these requirements, Konica Minolta provides the industry's most comprehensive suite of standard privacy and security solutions. We provide all the features you need to protect your information together with secure printing, scanning, copying and faxing functions. Our MFPs feature the lock-down protection of bizhub® SECURE Platinum to help you ensure confidentiality and enhance your organization's compliance strategy.

Is your data encrypted or protected by complex passwords? Does access to your printer/ copier require user authentication? Are print/copy functions tracked, so you know who, when and where copies were made? Is your email traffic logged and preserved? Are printouts and faxes containing confidential information protected from unauthorized personnel? Have you extended your network security protocols to your multifunction devices? To meet your security needs, our bizhub SECURE Platinum solution and IT Services combine to enhance your security, speed your work and help control your costs. bizhub SECURE Platinum Service provides you with the resource you need to lock down and protect any document data that might reside on the bizhub's internal hard drive. To secure and protect any document image data that might be present on the hard drive, the following security functions can be enabled:

• Hard Drive Encryption
• Hard Drive Lock Password
• Automatic deletion of any temporary image data
• Data overwrite of electronic documents on a timed basis

Common Access Card (CAC) Encryption

Strong Authentication, Data Security & Digital Signature

Konica Minolta has partnered with ActivIdentity, a global leader in strong authentication and credential management, to   develop a comprehensive Common Access Card (CAC)/Personal Identification Verification (PIV) card Solution that meets the most technically aggressive requirements put forth by the Department of Defense (DoD) and other highly secure government facilities for user access and authentication to bizhub MFPs.

The Konica Minolta ActivClient solution authenticates users for secure usage of Konica Minolta multifunctional devices (MFD) for e-mail, scan to email, network scanning and network printing on the Konica Minolta MFD via PKI certificates and keys on an end-user's CAC.

The Konica Minolta Activ-Identity CAC solution is an entire application layer which resides inside the Konica Minolta MFP. This application layer is designed to interact with the DoD network no differently than the ActivClient process for a Personal Computer. It also provides the end user activity the option of locking down the MFD for other non network functions like copying.

Please see required accessories and pricing on each model page.

The Konica Minolta bizhub CAC/PIV solution has been developed to reside and run within the bizhub MFP. It meets the Federal Government's two factor authentication requirement and is designed to interface with standard CAC/PIV card readers and is compatible with all CAC and PIV cards available today. The partnership with ActivIdentity ensures all cards available today as well as those released in the future will be fully compatible with Konica Minolta MFP's.

· The solution supports network user authentication via Active Directory.
· Digitally signed and certified email directly from the bizhub MFP using the CAC/PIV users' standard email credentials.
· Scan to email supports Encryption (AES 256 bit) and Digital Signature
· The system also supports access to network and local SMB (shared) folders with complete user rights.
· Secure and encrypted printing using CAC encryption methods.
· Public Key Infrastructure Certificate (PKI) card printing secures and encrypts sensitive prints which are held at the Konica Minolta bizhub MFP until the user logs in with their CAC/PIV card to retrieve them.
· Scan to Me (logged-in users' email address).
· Scan to Home (users' shared folder as defined in Active Directory).
· CAC authenticated Secure Printing.
· CAC upgrade currently submitted for ISO 15408 (Common Criteria) Security Certification at EAL3.
· Middleware is NOT required.
· Embedding ActivClient into the Konica Minolta bizhub MFD provides guaranteed support for all historical versions of CAC Smart Cards. ActivClient supports all of the current and future CAC profiles. The following card types are supported: Gemalto (32K, 64K), Oberthur (32K, 64K), CAC v1, CAC v2, GSCIS, PIV Transitional, PIV End-state.

Hard Drive Cleaning or Removal

Konica Minolta Customer Owned or Leased Equipment
The customer shall bear all costs of the removal and replacement of the hard drive *at the customer's location*. In order to remove the hard drive and data from the hard drive a written approval must be provided by the customer.

The hourly repair rates listed on Page 23, Part 9, apply to most models of Konica Minolta Business Solutions USA, Inc (KMBS) copying equipment. All service charges will be based on actual labor time plus all necessary parts (replacement Hard Drive, etc) to replace and re-install a new hard drive in the existing copier. Should the customer be required to keep the original hard drive a replacement hard drive will be required to make the copier fully operational. The cost of the replacement hard drive and any required firmware upgrades will be charged to the customer at the current Open Market price at the time of replacement. If a replacement hard drive or firmware upgrade is not available then the copier will be deemed inoperable and a fair market value of the copier will be determined and charged to the customer.

During KMBS' normal working hours, mileage or travel time will not be charged under this schedule. The hourly rate schedule applies to the 48 contiguous states and the District of Columbia, within fifty (50) miles of a KMBS branch or authorized dealer. Rates for service beyond fifty (50) miles must be calculated on an "Open Market" basis. All Parts (Hard Drive, etc) will be charged on an "Open Market" basis and costs will be provided by the local KMBS branch or local servicing dealer.

Relocation & Re-Installation of Equipment
In the event that a hard drive must be removed and replaced due to a relocation and re-installation then the same terms and conditions apply as indicated above.

Hard Disk Removal from Non-Konica Minolta Equipment
If a non-Konica Minolta copier is required to be taken in as a trade-in for a KMBS copier(s) and hard drive removal is required it will be the Government's responsibility to contact the non-Konica Minolta contractor for hard drive removal. The Government customer must immediately notify the non-Konica Minolta contractor directly upon award to KMBS and the hard drive MUST be removed prior to the installation of the new Konica Minolta copiers. Additional Open Market charges will prevail if a KMBS branch or dealer has to make a second trip to pick-up non-Konica Minolta equipment. In some cases, Konica Minolta has been contracted to provides equipment service to non-Konica Minolta equipment, and should this be the case, please refer to provisions under *"Konica Minolta Customer Owned or Leased Equipment"* Above.

In Place Hard Drive Data Cleaning
KMBS offers hard drive cleaning as an option to hard drive removal and replacement. A Konica Minolta technician will perform a "data overwrite" of the hard drive using built-in sanitization technology. The hard drive will be cleared of data and re-installed in the equipment before removal from the customer's location.

Availability of this option depends on model and configuration. The customer must approve this in writing prior to hard drive cleaning. The cost will be Open Market.

SOLUTIONS

Enabling MPS with Business Intelligence

Netaphor SiteAudit™ tools enable the best managed printer services. Manage local and networked printers with analysis, alerting and reporting. From comprehensive meter and supplies tracking to service performance measures such as Uptime percentage, SiteAudit tools provide the industry's most advanced auditing and fleet management capability. This is an on-premise solution: All data/components are installed behind agency firewall.

- **Fleet Audit & Management**
- **Metering & Analysis**
- **Move, Add & Change**
- **Fleet Health Metrics**
- **Cost Management**
- **Map Printer Assets**

Nsi AutoStore Workflow Advanced Options - For Renewals Only

A fast, efficient software solution for capturing, processing and routing documents directly from the control panel of your bizhub MFP -- performing OCR conversion to full-text searchable PDF, cleaning up and rotating images, automatically removing blank pages, adding Bates Stamping, tracking activities and more. In addition to AutoStore Express, AutoStore Workflow offers advanced barcode support, EDMS integration and Enterprise scalability with high volume OCR support.

Nsi Output Manager

KMBS PART #	PRODUCT NAME/DESCRIPTION	GSA Purchase Price
SOFTWARE: Nuance High Availability AutoStore + Output Manager Bundle		
This product has high-volume pricing options. For more information on how to offer these discounts to customers and getting quotes,		
please contact your sales representative.		
OM High-availability license enables multiple OM DBM servers to work together behind a load balancer in a single-instance, high-availability		
configuration for fail-over and load-balancing purposes.		
Production printers require Output Manager Production Printer Licenses.		
Production printers are:		
o Black and White >160ppm.		
o Color >100 ppm.		
Tier discounts apply to a single transaction. For example; a customer purchasing 30 device licenses will purchase at the (25 to 49) tier.		
That same customer purchasing 10 more licenses at a later time purchases those additional licenses at the (10 to 24) tier.		
07OM012A1M0	Production Printer License	$2,590.02
MAINTENANCE: Nuance Production Printer License		
07OM012M1M1	Production Printer License Maintenance 1 yr	$518.02
07OM012M1M2	Production Printer License Maintenance for 2 yr	$1,036.01
07OM012M1M3	Production Printer License Maintenance for 3 yr	$1,554.01
07OM012M1M4	Production Printer License Maintenance for 4 yr	$2,072.02
07OM012M1M5	Production Printer License Maintenance for 5 yr	$2,590.02
Professional Services		
Device configuration: up to 5 MFD/printers (guidance provided on adding additional MFP's/printers)		
Workstations: UPPD - 5 workstations		
OM Sources and Destination: up to 5		
7640018963	Output Manager Remote Installation and Configuration Services by KMBS	$1,500.00

SOFTWARE: Nuance Output Manager Desktop		
This product has high-volume pricing options. For more information on how to offer these discounts to customers and getting quotes, please contact your sales representative.		
Output Manager Desktop Licenses include local print monitoring and the OM Web Interface access (Web Console, Document Library, and Web Upload) for the licensed numbers of concurrent users.		
Output Manager Desktop Licenses are also included in the Client Bundle - see details in the Bundle section.		
Tier discounts apply to a single transaction. For example; a customer purchasing 30 device licenses will purchase at the (25 to 49) tier.		
That same customer purchasing 10 more licenses at a later time purchases those additional licenses at the (10 to 24) tier.		
To purchase WebCapture / NSi Mobile or AutoCapture please see the WebCapture NSi Mobile and AutoStore sections respectively.		
07OM005A1M0	Output Manager Desktop (20 pack) (1 to 9 tier)	$517.32
07OM005A2M0	Output Manager Desktop (20 pack) (10 to 24 tier)	$346.61
07OM005A3M0	Output Manager Desktop (20 pack) (25 to 49 tier)	$258.67
07OM005A4M0	Output Manager Desktop (20 pack) (50 to 99 tier)	$170.72
07OM005A5M0	OM Desktop (20 Users) (100 to 499 Tier)	$51.74
07OM005A6M0	OM Desktop (20 Users) (500 + Tier)	$31.04
